## **COMPANY PROFILE**

# INTRODUCTION

Shaoxing Keqiao Rivhil Textiles, founded in 2014, is located in Keqiao, Asia's largest textile centre. Rivhil Textiles is a production specialist for homewear such as fleece robes, dressing gowns, pyjamas, and onesies. Additional products include cotton robes for spas and collections for hotels, silk satin gowns, sophisticated lingerie, shawls, and more.

Most of our employees have over 10 years experience in the homewear industry. The business produces over 50,000 pieces per month and can stock up to 100,000 articles.

We give customers all-inclusive personalised solutions which cover material sourcing and creating samples in very short turnaround times. Deliveries are also rapid.

The factories of Rivhil Textiles are BSCI, Sedex, and Oeko-Tex certified. Most production is exported to the Europe and the United States.
