

## PRESS RELEASE

### SENTIMENTALS EASY - A suitable fragrance for every season

Vegan and lovingly made by hand, the candles in the SENTIMENTALS EASY collection from ENGELS KERZEN are a quality product and an expression of traditional craftsmanship. Every single candle in the SENTIMENTALS EASY collection is made with dedication and precision to offer a unique fragrance experience.

The use of pure rapeseed wax as a renewable and regional raw material gives the SENTIMENTALS EASY collection its environmentally friendly touch and makes an olfactory and ecological statement.

The high-quality candle jar, satin-finished in a different colour depending on the fragrance, is lovingly fitted with a protective paper lid that preserves the delicate fragrance, which then unfolds pleasantly in the room when the candle is lit. After the candle has burnt down, the first-class candle jar can still be used: Whether as stylish storage for small treasures, as a decorative element for the home or as a personalised flower vase - the possibilities are as varied as your own creativity.

1,043 characters incl. spaces, without heading.

#### SENTIMENTALS EASY SOMMER

The SENTIMENTALS EASY scented candles from ENGELS KERZEN present themselves in SUMMER in a colourful guise that visually appeals to the senses. From LAGUNA BEACH to BUTTERFLY WHISPER, SUNNY SIDE and FRESH BLOSSOM - these candle jars are more than just containers for fragrances. They are the embodiment of a relaxed summer evening, captured in soft candlelight and a subtle but seductive fragrance.
