# LET THE STORY CONTINUE!

after a lively summer full of action and our colourful catalogue, we have now switched to a slower pace in the PAD autumn/winter collection 24/25. we want to deliberately set a counter-trend to the fast pace and sensory overload. with minimalist designs, natural colours and firm, supple fabrics, we are creating a wonderfully relaxed atmosphere that gives us new strength. the time to break out of our comfort zone is over. now we are making ourselves really cosy here.

**enjoy the moment!** flick through this new brochure and find out what PAD has on offer for you during the cold season. alongside mindful decoration, we remain inspired by fashion. among other things, we have integrated the trend colour rust and the popular checkerboard pattern into our new collection.

we wish you lots of fun and relaxation with our new feel-good home textiles and are happy if our enchanting PAD items not only find a place in your home, but also in your hearts!
