# THE FABULOUS STORY

The story of **COOKUT'S Fabulous All-Purpose Pan** began with a simple observation: today's kitchens are overflowing with pots, pans, casseroles, steam cookers, and countless other utensils. Most of us barely have room to store everything.

**What if one clever pan could replace them all?**

Our lightbulb moment gave life to **The Fabulous 8-in-1 Pan**. We designed a compact, versatile pan that does the work of 8 cooking tools without compromising the quality of your culinary creations.

The Fabulous 8-in-1 is revolutionising kitchens with its:

- Airtight lid for stewing and steaming.
- **Dual steaming and frying basket** for easy veggies, fish, or pasta.
- **High sides** that make it a frying pan, casserole, sauté pan, or oven dish.
- **Detachable handles** for easy storage and ultra versatility.

For the icing on the cake (ah yes, it's a cake tin too), you can customise The Fabulous Pan by choosing from six delectable designs

# UNIQUE DESIGN

The Fabulous 8-in-Pan stands out with its bold, contemporary design. More than just a cooking tool, it's a statement piece that brings a splash of your personality to the kitchen.
