GRACIAS POR SU CONFIANZA:

Altran os da las gracias por confiar una vez más en nuestra empresa.

Durante estos últimos años hemos pasado por desafíos que nos obligan a **sacar lo mejor de nosotros mismos**. Tanto la pandemia en 2020, como las más recientes situaciones de inestabilidad y subidas de las materias primas, suministros y manos de obra, nos colocan en una posición ante la cual debemos tomar acciones para continuar trabajando con la **calidad y servicio** que nuestros clientes merecen.

Ante la imposibilidad de obviar estas razones, este catálogo representa la actualización de los costos ante la nueva situación que estamos atravesando. Hemos escandallado uno por uno nuestros productos y les hemos aplicado el menor aumento posible, sacrificando parte de nuestro margen comercial, a la espera de que la situación se estabilice, y manteniendo siempre los estándares más altos del mercado.

A pesar de toda esta situación, seguimos desarrollando nuevos productos y mejorando cada aspecto para seguir creciendo y consolidándonos como la empresa más importante del sector.

También estamos renovando nuestra web, donde en breve podrán encontrar todos nuestros productos, con mucha más información. Además, estamos ampliando nuestra colección de fichas técnicas y dossiers, los cuales también estarán a disposición desde **altransolutions.es**

Con la nueva normalidad, participamos además de la feria **Interihotel 2021** en Barcelona, y seguiremos formando parte de las ferias más importantes a nivel nacional e internacional. Durante este año, esperamos encontraros en **HomeTextil Premium** en Valencia, **Interihotel** en Madrid y **Heimtextil 2023**, con todas las novedades que próximamente estaremos presentando.

Aprovechamos también esta oportunidad para agradecer nuevamente a cada uno de nuestros clientes por su confianza. Sabemos que no son tiempos fáciles, por lo cual **Altran redobla su compromiso** para apoyaros en cada aspecto que esté a nuestro alcance.

Seguiremos creciendo y recorriendo este camino **juntos**.
Muchas gracias.

José Vicente Ferrer Agulló
Gerente de Altran Solutions SL

Presentation of the Project “Altran Solutions SL”

Présentation du Projet “Altran Solutions SL”

THANK FOR YOUR CONFIDENCE:

Altran would like to thank you for once again placing your trust in our company.

Over the past few years, we have faced challenges that have forced us to be at our best. Both the pandemic in 2020, as well as the most recent situations of instability and increases in raw materials, supplies and labour costs, put us in a position where we must take action in order to continue working with the quality and service that our customers deserve.

Given the impossibility of avoiding these reasons, this catalogue represents the updating of costs in view of the new situation we are going through. We have scaled our products one by one and we have applied the lowest possible increase, sacrificing part of our commercial margin, waiting for the situation to stabilise, and always maintaining the highest standards in the market.

In spite of this situation, we continue to develop new products and improve every aspect to continue growing and consolidating our position as the most important company in the sector.

We are also renewing our website, where you will soon be able to find all our products, with much more information. In addition, we are expanding our collection of technical data sheets and dossiers, which will also be available from altransolutions.es.

With the new normality, we are also participating in the Interihotel 2021 fair in Barcelona, and we will continue to be part of the most important national and international fairs. During this year, we hope to meet you at HomeTextil Premium in Valencia, Interihotel in Madrid and Heimtextil 2023, with all the new products that we will be presenting soon.

We would also like to take this opportunity to once again thank each and every one of our customers for their trust. We know that these are not easy times, which is why Altran has redoubled its commitment to support you in every aspect within our reach.

We will continue to grow and walk this path together.

Thank you very much.

Jose Vicente Ferrer Agulló
Manager Director

MERCI POUR VOTRE CONFIANCE:

Altran tient à vous remercier d'avoir une fois de plus accordé votre confiance à notre entreprise.

Ces dernières années, nous avons été confrontés à des défis qui nous ont obligés à donner le meilleur de nous-mêmes. La pandémie de 2020, ainsi que les situations les plus récentes d'instabilité et d'augmentation des coûts des matières premières, des fournitures et de la main-d'œuvre, nous placent dans une situation où nous devons agir pour continuer à travailler avec la qualité et le service que nos clients méritent.

Étant donné l'impossibilité d'éviter ces raisons, ce catalogue représente la mise à jour des coûts en fonction de la nouvelle situation que nous traversons. Nous avons réduit nos produits un par un et nous avons appliqué la plus faible augmentation possible, en sacrifiant une partie de notre marge commerciale, en attendant que la situation se stabilise, et en maintenant toujours les normes les plus élevées du marché.

Malgré cette situation, nous continuons à développer de nouveaux produits et à améliorer tous les aspects pour continuer à croître et à consolider notre position d'entreprise la plus importante du secteur.

Nous renouvelons également notre site web, où vous pourrez bientôt trouver tous nos produits, avec beaucoup plus d'informations. En outre, nous élargissons notre collection de fiches et de dossiers techniques, qui seront également disponibles sur altransolutions.es.

Avec la nouvelle normalité, nous participons également à la foire Interihotel 2021 à Barcelone, et nous continuerons à faire partie des foires nationales et internationales les plus importantes. Au cours de cette année, nous espérons vous rencontrer à HomeTextil Premium à Valence, Interihotel à Madrid et Heimtextil 2023, avec toutes les nouveautés que nous présenterons prochainement.

Nous profitons également de cette occasion pour remercier une nouvelle fois chacun de nos clients pour leur confiance. Nous savons que les temps ne sont pas faciles, c'est pourquoi Altran a redoublé d'engagement pour vous soutenir dans tous les domaines à notre portée.

Nous continuerons à grandir et à parcourir ce chemin ensemble.

Merci beaucoup.

Jose Vicente Ferrer Agulló
Directeur

GESTIÓN DE PEDIDOS

Los pedidos se realizarán indicando nuestro número de referencia y enviándolo vía fax al +34 96 113 61 27 o vía e-mail: administracion@altransolutions.es

PORTES E I.V.A

Los pedidos en territorio peninsular se expedirán a portes pagados si el importe (base imponible) supera los 150 € y el largo no excede de 4m. Para pedidos con largos superiores, curvados o formas especiales, o fuera de península: consultad condiciones. Para los pedidos con importes inferiores a 150€, los portes serán cargados en factura.

El I.V.A. correrá a cargo del cliente.

ANOMALÍAS DEL ENVÍO

La mercancía debe revisarse delante del repartidor. Si la mercancía llega en mal estado debe notificarse en el albarán de entrega de la agencia. No sirve poner "Pendiente de Revisión", debe especificarse qué problema hay e incluso anotar si el embalaje ha llegado en mal estado.

Si no se cumple este requisito no podremos hacernos cargo de las posibles reclamaciones. Se debe dar parte de incidencia en la recepción de la mercancía **imprescindiblemente en el plazo NO superior a 24 horas**. Las devoluciones de mercancía deben ir acompañadas del albarán original.

DIRECCIÓN ENVÍO ESPECIAL

En caso de necesitar que la mercancía se envíe a una dirección especial diferente a la habitual, se efectuará un cargo de 5,00€ por expedición.

PRECIOS

Los precios y los productos publicados en este catálogo tienen reservado el derecho de ser modificados sin previo aviso por el fabricante.

SEGURO

La mercancía viaja por cuenta y riesgo del comprador. Si el cliente desea asegurar la mercancía, correrá por parte del cliente la prima de seguro.

RESERVA DE DOMINIO

Nuestras ventas se realizarán bajo reserva de dominio según el artículo 1506 de C.C. hasta que el valor de la mercancía se haya pagado íntegramente.

JURISDICCIÓN COMPETENTE

El comprador acepta que toda desavenencia se realizará bajo la jurisdicción de los tribunales de Valencia (España) renunciando expresamente a su propio fuero y domicilio.

PERFILES

En todos los perfiles de aluminio que no tengan referencias de producto cortado, el mínimo de facturación será el largo del perfil, en la mayoría de los casos 6 metros

ORDERS

Orders should be sent with reference number of each article. The orders can be sent by fax +34 96 113 61 27 or by mail to: export@altransolutions.es

PRICE

Prices shown are ex-works Valencia. Due to the fluctuations of the international markets beyond our control, prices and terms of sale are subject to change without prior notice.

RETURN SHIPMENTS

Returned goods will not be accepted without our prior authorization.

CLAIMS

Goods must be checked upon arrival. Claims for faulty/wrong shipments and/or shortages must be made within **at the moment** of the of receipt of goods. Claims for transport damages must be filled against the carrier immediately upon receipt.

RIGHTS RESERVED

Our sales are always considered under the condition "Rights reserved" according to article 1506 C.C. until full payment has been settled.

VALID JURISDICTION

In case of discrepancies, disagreements or litigation, the jurisdiction of the Valencia (Spain) Courts of Law will prevail and will be accepted by the customer with waiver of his own jurisdiction of venue.

TRACKS

For all aluminium tracks not showing pre-cut product references, the minimum charge will be the length of the profile, in most cases 6 metres.

COMMANDES

Les commandes doivent être envoyées avec le numéro de référence de chaque article. Veuillez nous envoyer vos commandes par fax +34 96 113 61 27 ou par e-mail: export@altransolutions.es

PRIX

Les prix indiqués dans le catalogue sont départ d'usine (exworks). A cause des fluctuations des marchés internationaux, les prix et les conditions de vente sont sujets à des changements sans préavis.

RETOUR DE MARCHANDISE

Les marchandises retournées ne seront pas acceptées sans notre autorisation préalable.

RÉCLAMATIONS

Les marchandises doivent être vérifiées à l'arrivée. Les réclamations d'erreur d'envoi ou de défaut de qualité doivent être faites **lors de la réception** de la marchandise. Les réclamations pour dommages pendant le transport doivent être remplies sur le bon de livraison du transporteur à la réception de la commande.

CLAUDE DE RÉSERVE DE PROPRIÉTÉ

Nos ventes sont toujours considérées comme la condition "Droits réservés" selon l'article 1506 CC jusqu'au paiement réglée intégralement.

JURIDICCIÓN COMPETENTE

L'acheteur accepte qu'en cas de litige, le tribunal compétent soit celui de Valencia (Espagne).

PROFILES

Pour tous les profiles en aluminium qui n'ont pas de références de produits coupés, le tarif minimal sera la longueur totale du profilé, dans la plupart des cas 6 mètres.

 El Riel Decotrack V1 se diferencia del resto de rieles del mercado en la personalización que podemos darle empleando los terminales decorativos en 30mm de las barras de Altran para decorar la estancia. Es compatible con soportes y terminales de otras colecciones.

 The Decotrack V1 system stands out from the rest of the curtain systems in the customization we can get by combining the existing and wide option decorative finials in 30mm. It is compatible with brackets and finials of other collections.

 Le système Decotrack V1 se distingue du reste des systèmes de rideaux par la personnalisation que nous pouvons obtenir en combinant les plusieurs embouts décoratifs existants en 30 mm. Il est compatible avec les supports et les embouts d'autres collections.

Terminales disponibles con opción a cordón/ Cord option also available/ Système de corde aussi disponible

 Riel ideado para soportar peso y sufrir situaciones de uso severas y complicadas.

La forma cuadrangular del perfil del Riel Sintra® y la calidad de su material, está diseñado expresamente para instalaciones donde se requiere un riel capaz de aguantar y deslizar (sin ningún problema), cortinas pesadas. Esta colección da solución a cualquier fórmula de montaje, tanto decorativas con soportes de acero o bronce, como funcionales con soportes de plástico para la instalación a techo de tipo riel, pudiendo desempeñar funciones de riel y de barra decorativa al mismo tiempo. Además incluye las **variantes de riel con cordón y sin cordón**.

Los terminales decorativos (novedad que hace del Riel Sintra uno de los más atractivos y deseados del mercado) tienen diseños idénticos pero asimétricos pensando en cada lado del riel. Usted podrá escoger los terminales para los conjuntos dobles, tanto para el riel interior como exterior.

Nuestra última incorporación es el riel en color acero, un acabado moderno y de gran toque estético.

 Aluminum rail with quadrangular shape, designed to hold heavy curtains and complicated installations.

The shape of the profile of the rail Sintra and the quality of its material, is designed specifically for installations where its needed a rail that holds and slides perfectly heavy curtains. This collection provides a solution to any installation so it can be used as a decorative rail and technical rail at the same time. SINTRA® rail can be used an be used with special gliders for heavy curtains but also with ripple fold wave gliders to make the "perfect wave" (our economic system that ensures a perfect fall and a perfect wave on every curtain).

Available with cord-drawn and manual-drawn.

Its new decorative finials (that makes Sintra rail one of the most attractive of the market) have identical and asymmetrical designs for each side of the rail. You can choose the terminal for double sets also.

Our latest contribution is the steel colour track, a modern and aesthetic finish.

 La forme du profil du rail Sintra et la qualité de son matériel, est spécialement conçu pour les installations qui nécessite un rail qui détient et glisse parfaitement rideaux.

Ce rail offre une solution à toutes les installations, avec des supports décoratifs en couleur acier ou laiton et des supports fonctionnels comme son support en plastique pour le montage au plafond de sorte qu'il peut être utilisé comme un rail technique et décoratif en même temps. Le rail SINTRA® peut être utilisé avec des glisseurs conçus pour les rideaux lourds, mais aussi avec les glisseurs pour ruban accordéon pour faire "l'onde parfaite" (notre système économique qui assure un tombé parfaite et une onde parfaite à chaque rideau). **Disponible avec tirage avec cordon ou tirage manuel.** Ses nouveaux embouts décoratifs (qui fait Sintra® un des rails plus attractifs du marché) ont des conceptions identiques et aussi asymétriques pour chaque côté du rail. Vous pouvez choisir le terminal pour les rails doubles aussi.

Notre dernière contribution, le couleur inox pour le rail, une finition moderne et de grande touche esthétique.

Los rieles decorativos Obidos®, Coimbra® y Sintra® tienen accesorios compatibles entre sí, por lo que minimiza su cantidad de componentes. El Riel Sintra® presenta una perfil en forma cuadrada, está fabricado en aluminio y ha sido tratado para deslizar mejor y reducir el ruido. Soporta hasta 6 kg/m y puede ser instalado a techo, a pared e incluso con soporte sencillo y doble. Dispone de la opción manual y a cordón. Permite confección de cortinas con diferentes sistemas de corredera: tradicional, cinta acordeón, onda perfecta, y onda confort. Además permite cualquier tipo de apertura. Disponible en 5 colores: plata, acero, negro, blanco y bronce.

Our decorative tracks Obidos®, Coimbra® and Sintra® share the same accessories, fact that minimizes the number of components. The Sintra® track has a square shape and it is made of coated aluminium for a better sliding and less noisy performance. It can stand up to 6 kg/m and can be installed to wall or ceiling, even with a single or double bracket option. Supplied in manual or corded versions. Regarding sliding, it offers the traditional standard runner, ruffle-tape, wave and comfort tape making. Several ways of opening. Available in 5 colours: anodized silver, steel, black, white, and bronze.

Les rails décoratifs Obidos®, Coimbra® et Sintra® ont des accessoires compatibles entre eux, ce qui minimise leur nombre de composants. Le rail Obidos® a un profil carré, est en aluminium et a été traité pour mieux glisser et réduire le bruit. Il supporte jusqu'à 6 kg/m et peut être installé au plafond, au mur ou même avec des supports simples ou doubles. Il dispose d'une option tirage manuel et tirage cordon. Il permet de fabriquer des rideaux avec différents systèmes de coulissement : traditionnel, en accordéon, en vague parfait ou wave et en vague confort. Il permet également tout type d'ouverture. Disponible in 5 couleurs: argent anodisé, acier, noire, blanche, et bronze.

Los rieles decorativos Obidos®, Coimbra® y Sintra® tienen accesorios compatibles entre sí, por lo que minimiza su cantidad de componentes. El Riel Obidos® presenta una perfil en forma redondeada, está fabricado en aluminio y ha sido tratado para deslizar mejor y reducir el ruido. Soporta hasta 6 kg/m y puede ser instalado a techo, a pared e incluso con soporte sencillo y doble. Dispone de la opción manual y a cordón. Permite confección de cortinas con diferentes sistemas de corredera: tradicional, cinta acordeón, onda perfecta, y onda confort. Además permite cualquier tipo de apertura. Disponible en 5 colores: plata, acero, negro, blanco y bronce

Our decorative tracks Obidos®, Coimbra® and Sintra® share the same accessories, fact that minimizes the number of components. The Obidos® track has a round shape and it is made of coated aluminium for a better sliding and less noisy performance. It can stand up to 6 kg/m and can be installed to wall or ceiling, even with a single or double bracket option. Supplied in manual or corded versions. Regarding sliding, it offers the traditional standard runner, ruffle-tape, wave and comfort tape making. Several ways of opening. Available in 5 colours: anodized silver, steel, black, white, and bronze.

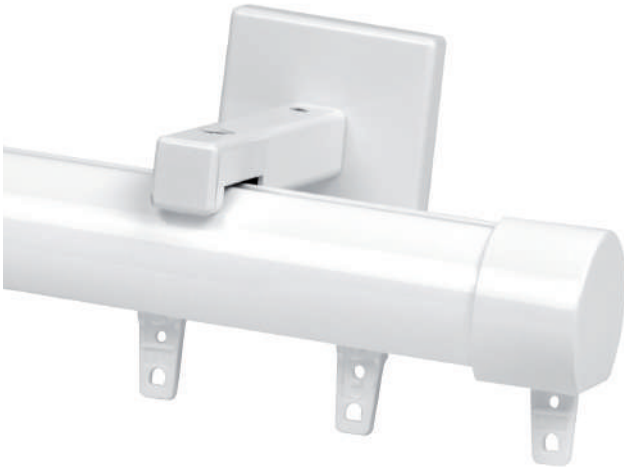

Les rails décoratifs Obidos®, Coimbra® et Sintra® ont des accessoires compatibles entre eux, ce qui minimise leur nombre de composants. Le rail Obidos® a un profil arrondi, est en aluminium et a été traité pour mieux glisser et réduire le bruit. Il supporte jusqu'à 6 kg/m et peut être installé au plafond, au mur ou même avec des supports simples ou doubles. Il dispose d'une option tirage manuel et tirage cordon. Il permet de fabriquer des rideaux avec différents systèmes de coulissement : traditionnel, en accordéon, en vague parfait ou wave et en vague confort. Il permet également tout type d'ouverture. Disponible en 5 couleurs: argent anodisé, acier, noire, blanche, et bronze.

🇪🇸 Riel cilíndrico que simula una elegante Barra Decorativa, diferenciándose así del resto de rieles del mercado. La colección Córcega es el resultado de la unión de dos conceptos: por fuera es una auténtica barra decorativa, mientras que por dentro, es uno de los mejores rieles del mercado, capaz de albergar Correderas Normales y/o Correderas de “Onda Perfecta” (nuestro particular y económico sistema para garantizar una caída y una onda perfecta en toda cortina). El gran diseño y estilo del Riel Córcega, incluyendo sus resistentes Soportes, transmite elegancia y sencillez, convirtiéndolo en el Riel Ideal para decorar cualquier estancia donde la estética y el diseño sean lo principal.

🇬🇧 Cylindrical rail made of DM simulating an elegant decorative pole. This characteristic differs from the rest of the decorative rails of the market. The Córcega collection is the result of the union of two concepts: outside is a real decorative bar and inside is one of the best rails on the market, where can be used normal gliders but also ripple fold wave gliders to make the “perfect wave” (our economic system that ensures a perfect fall and a perfect wave on every curtain). The design and style of the rail Córcega, including its strong supports, provides elegance and simplicity, making this rail ideal for the decoration of any room where aesthetics and design are the most important.

🇫🇷 Rail cylindrique en DM simulant une tringle décorative et élégante. Cette caractéristique distingue ce rail du reste de rails décoratifs du marché. La collection Córcega est le résultat de l'union de deux concepts: l'extérieur est une tringle décorative et à l'intérieur a un des meilleurs rails sur le marché où peuvent être utilisés les glisseurs normaux mais également les glisseurs pour ruban accordéon pour faire “l'onde parfaite” (notre système économique qui assure un tombé parfaite et une onde parfaite à chaque rideau). Le design et le style du rail Córcega, compris ses solides supports, offre élégance et simplicité, ce qui fait le rail idéal pour la décoration de toute chambre où l'esthétique et le design sont les plus importants.

Posibilidades de montaje / Installation possibilities / Possibilités de montage

 El Riel Córcega permite combinar gracias a su soporte doble, un magnífico riel decorativo junto a un práctico riel técnico. En este ejemplo podemos ver la combinación de Riel Argent y Riel Córcega. Cualquier estancia se verá enriquecida con la elegante decoración del Riel Córcega, mientras que el Riel Argent aumenta sus posibilidades a la hora de buscar soluciones decorativas.

 The Córcega track offers the possibility of merging thanks to its special double bracket, one unique example of decorative splendor provided by the Córcega track together with the technical and practical nature of the Argent track. Any space will be enriched with the decorative elegance of the Córcega rail whereas the Argent rail will increase the possibilities regarding new decorative solutions.

 Le rail Córcega vous permet de fusionner grâce à son support double, un exemple unique de la splendeur décorative avec un rail technique et pratique. Dans cet exemple on peut vérifier la fusion du riel Argent et Córcega. N'importe quel espace sera enrichi avec l'élégance décorative du rail Córcega, tandis que le rail Argent augmente les chances d'obtenir de nouvelles solutions décoratives.

■ Riel rectangular que transmite modernidad y esmero por la decoración.

La colección Capri nos permite disfrutar de las ventajas de un riel de gran calidad y de la estética decorativa de una Barra de auténtico diseño, por ello su presencia en cualquier sala, lo hará destacar del resto de rieles existentes. Su adaptabilidad nos permitirá emplear cualquier tipo de corredera, desde las más básicas hasta la de onda perfecta (económico sistema para confeccionar cortinas con la onda perfecta) pasando por las cintas armadoras o las correderas de acordeón. Su uso en cualquier proyecto, garantiza la versatilidad y el éxito decorativo.

■ Rectangular rail made of DM that transmits modernity and elegance in decoration.

The Capri collection allows to enjoy the benefits of a high quality rail together with the decoration of a design pole, so its presence in any room, differentiates from other existing rails. Its adaptability allow us to use any type of glider, from the most basic to the perfect wave (our economic system that ensures a perfect fall and a perfect wave on every curtain. Also can be used with all our range of buckram tapes). Every project where it will be used, its guaranteed with its versatility and decorative success.

■ Rail rectangulaire en DM qui transmet la modernité et l'élégance dans la décoration.

La collection Capri permet de profiter des avantages d'un rail de haute qualité avec la décoration d'une tringle, de sorte que sa présence dans toutes les chambres le différencie des autres rails existants. Son adaptabilité permet d'utiliser les glisseurs normaux mais également les glisseurs pour ruban accordéon pour faire "l'onde parfaite" (notre système économique qui assure un tombé parfaite et une onde parfaite à chaque rideau). C'est le rail idéal pour la décoration de toute chambre où l'esthétique et le design sont les plus importants.

 Riel funcional y moderno con melaminas de diseños intercambiables y adaptables a cualquier decoración. Con la Colección Inter damos un paso al frente para solucionar la creación de diferentes ambientes con un solo riel. Contamos con el aire moderno de su diseño que lo asemeja a una galería, también con la adaptabilidad del color para crear diferentes ambientes y además contamos, con un perfil que deja oculto el sistema de correderas. De este modo, podremos colocar cualquier cortina con cualquier sistema de corredera de la forma más simple y sencilla. Las melaminas (disponible para la venta también por piezas sueltas), permiten cambiar el color de la habitación en cualquier momento.

 Practical and modern rail, made of aluminium including different interchangeable decorative melamine that can match with all decorations. With Inter rail we take a step forward to solve different environments creations with one model of rail. The modern look of its design resembles it to a pelmet and the adaptability of colours allows to create different environments. Its particular profile system hides gliders so we can put any curtain very simply and easily. The melamine (also available for sale in spare parts) , gives us the chance to change the colour of the room at any time.

 Rail décoratif pratique et moderne, en aluminium avec différents mélamines décoratives interchangeables que peuvent reconstruire toutes les décorations. Avec le rail Inter nous faisons un pas en avant pour résoudre différents environnements de décoration. Le look moderne de son design ressemble à un bandeau et la capacité d'adaptation des couleurs permet de créer des environnements différents. Son système de profil particulier cache les glisseurs afin qu'il soit possible d'installer tout rideau très simplement et facilement. La mélamine (également disponible à la vente en pièces détachées), nous donne la possibilité de changer la couleur de la chambre à tout moment.

Contenido del Kit / Kit components / Composants du Kit

- 

Conjuntos Sencillos : 2 terminales, 2 soportes, perfil de aluminio, tope y correderas.
Los conjuntos de 3 metros se sirven con 3 soportes.
- 

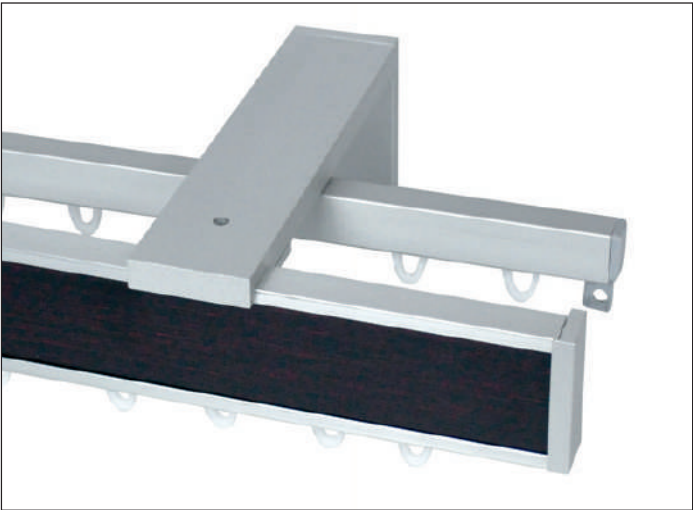

Single sets : 2 finials, 2 brackets, aluminium track, end-stop & runners.
All sets with a length 3 meters are supplied with 3 brackets.
- 

Kits simples : 2 embouts, 2 supports, rail aluminium, vis d'arrêt et glisseur.
Tous les kits de plus de 3 mètres contiennent 3 supports.
- * Se sirven empalmados.

* Supplied in 2 halves.

* Fourni en 2 parties.

Posibilidades de montaje / Installation possibilities / Possibilités de montage

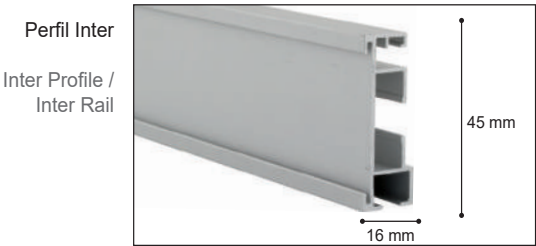

- 

El Riel Inter permite combinar gracias a su soporte doble, un magnífico riel decorativo junto a un práctico riel técnico. En este ejemplo podemos ver la combinación de Riel Argent y Riel Inter. Cualquier estancia se verá enriquecida con la elegante decoración del Riel Inter, mientras que el Riel Argent aumenta sus posibilidades a la hora de buscar soluciones decorativas.
- 

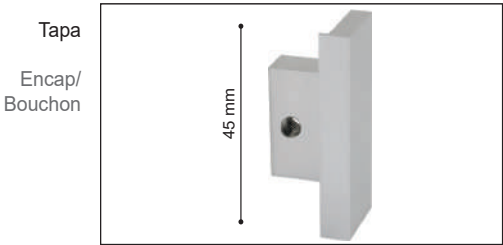

The Inter track offers the possibility of merging thanks to its special double bracket, one unique example of decorative splendor provided by the Inter track together with the technical and practical nature of the Argent Track. Any space will be enriched with the decorative elegance of the Inter Rail whereas the Argent rail will increase the possibilities regarding new decorative solutions. /
- 

Le rail Inter vous permet de fusionner grâce à son support double, un exemple unique de la splendeur décorative avec un rail technique et pratique. Dans cet exemple on peut vérifier la fusion du Riel Argent et Inter. N'importe quel espace sera enrichi avec l'élégance décorative du rail Inter, tandis que le rail Argent augmente les chances d'obtenir nouvelles solutions décoratives.

It is advisable to use 3 brackets in lengths over 2 meters.
Il est recommandable d'utiliser 3 support pour des garnitures de plus de 2 mètres.

Información General / General Information / Informations Générales

 Los "leds" son diodos semiconductores que consumen aproximadamente un 75% menos energía que las bombillas/tubos convencionales de iluminación.
- Emiten muy poco calor con lo cual no dañan ni queman los objetos cercanos.
- Son muy duraderos al no tener piezas móviles y resisten muy bien los golpes.
- Al no contener mercurio, a diferencia de los sistemas convencionales, no son perjudiciales para el medio ambiente.
- La duración media de los leds es de 20.000 horas de luz, en condiciones normales de uso.

 Leds are semi-conductor diodes that consume approximately 75% less energy than conventional light bulbs/tubes.
- They produce very little heat and therefore do not harm objects that are near them.
- They are very durable because they do not contain movable parts and they are highly shock-resistant.
- Contrary to other conventional lighting systems, they do not contain mercury so they are not harmful to the environment.
- The average life of the leds strips is 20.000 light hours under normal conditions of use.

 Les leds sont des diodes semi-conductives qui consomment en moyenne 75% moins d'énergie que des ampoules traditionnelles.
- Elles émettent très peu de chaleur, elles ne produisent donc aucun dommage aux objets aux alentours.
- Elles sont très solides et résistent aux coups.
- Comme elles ne contiennent pas de mercure, elles ne sont pas nocives pour l'environnement.
- La durée moyenne de vie d'une led est de 20.000 heures de lumières dans des conditions d'utilisations normales.

Spain Riel de interior y exterior, con acabado en aluminio cromatizado de aspecto cepillado que le da un toque realmente diferente de alto valor estético.

Sin lugar a dudas, es el Riel moderno por excelencia y a la vez, es una barra decorativa si se instala con anillas. Su estética y su diseño, el acabado de sus detalles y el tratamiento del color, hacen de este riel, un riel para los más exigentes.

Cuenta además con soportes de alto valor decorativo que permiten cualquier tipo de instalación que necesite.

United Kingdom Indoor and outdoor coated track with an original brushed-aluminum finish offering a "different touch" of unquestionable aesthetic value.

Undoubtedly, it is the quintessential modern rail, and at the same time is a decorative pole when used with its modern rectangular rings. His design, finish detail and colour treatment make this rail, a rail for the most demanding. It also has high decorative value brackets that allow any installation need.

Available in steel colour and in three lengths.

France Rail pour intérieur et extérieur, en aluminium finition brossée qui apporte une touche vraiment différente de haute valeur esthétique.

Sans aucun doute, c'est le rail moderne par excellence, et en même temps est un tringle décorative quand il est utilisé avec les anneaux rectangulaires modernes. Sa conception, le détail de sa finition et le traitement des couleurs font de ce rail, un rail pour les plus exigeants.

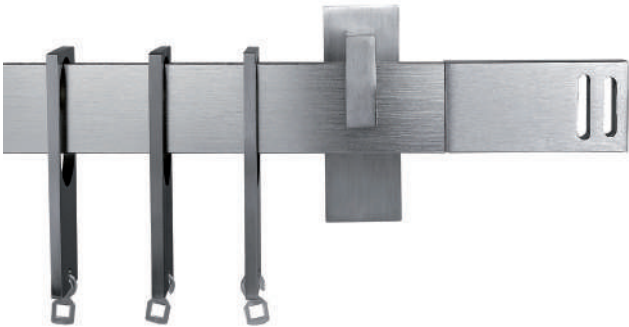

Il a également supports de haute valeur décorative qui permettent tout besoin d'installation.

Contenido del Kit / Kit components / Composants du Kit

Conjuntos Sencillos : 2 terminales, 2 soportes, perfil de aluminio, tope y correderas o anillas. Conjuntos Dobles : 2 terminales, 2 soportes, perfil de aluminio, tope y correderas o anillas. Los conjuntos de 3 metros se sirven con 3 soportes.

Single Sets : 2 finials, 2 brackets, aluminium track, end-stop & runners or rings. Double Sets : 2 finials, 2 brackets, aluminium track, end-stop & runners or rings. All sets with a length 3 meters are supplied with 3 brackets.

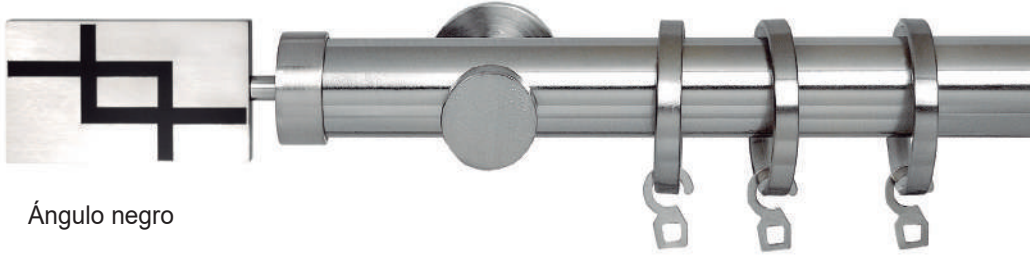

Kits Simples : 2 embouts, 2 supports, rail aluminium, vis d'arrêt et glisseur ou anneaux. Kits Doubles : 2 embouts, 2 supports, rail aluminium, vis d'arrêt et glisseur ou anneaux. Tous les kits de plus de 3 mètres contiennent 3 supports.

Barras Modernas

modern collection / collection moderne

Ángulo negro

 Infinity es la colección con un acabado en acero inoxidable más atractiva, amplia, versátil y funcional del mercado.

Le presentamos una colección completísima basada en una barra de primera calidad, anillas y diferentes terminales que cubren infinitas tendencias decorativas formando subcolecciones.

Ángulo blanco

 Infiniti is the most attractive, versatile and functional stainless steel collection in the market with a very wide range of finials and brackets. It is a complete collection based on a high quality materials including a very wide range of brackets and accessories for any installation required, high quality poles, design rings and a wide range of design finials forming endless decorative trends subcollections.

 Infiniti est la collection avec finition acier plus intéressante, polyvalente et fonctionnelle sur le marché avec une gamme très large d'embouts et supports.

Elle est une collection complète fabriquée avec matériaux de haute qualité contenant une très large gamme de supports et accessoires pour toutes les installations. La combinaison des tringles de haute qualité, les anneaux, la gamme de supports et la large gamme d'embouts permettent décorations différentes presque sans fin.

Olas negro

Trazos

 Infinity ZEN sigue un estilo gráfico basado en formas, trazos y grecas, combinando blancos, negros y acero para dar lugar a una colección muy sofisticada.

 Infinity ZEN is a graphic style based on shapes, lines and frets, combining white, black and steel and the result is a very sophisticated collection.

 Infinity ZEN est un style graphique basé sur les formes, les lignes et les frettes combinant blanc, noir et acier donne comme résultat une collection très sophistiquée.

 Lo más innovador de esta colección reside en el soporte, cuya sofisticación introduce nuevos conceptos y estilos en el mercado. Sin duda una colección original que se complementa con la barra y el soporte en color acero y 10 acabados en diferentes colores, con complementos a juego, para dar múltiples opciones y decorar ambientes con un toque de color.

 The most innovative aspect of this collection is its support, whose sophistication introduces new concepts and styles for decoration. Definitely an original collection that complements itself with the steel finish support, poles and 10 different colours with matching accessories to give multiple options for room decoration with a touch of colour.

 L'aspect le plus novateur de cette collection réside dans les supports, que introduisent sophistication, de nouveaux concepts et de styles pour la décoration . Certainement une collection originale qui se complète avec la barre et les supports de finition en acier , et 10 couleurs différentes avec les accessoires assortis pour donner de multiples options pour la décoration de la chambre avec une touche de couleur.

Corona Lisa

Corona Trono

   Hemos querido renovar esta colecci  n introduciendo nuevos terminales que se pueden combinar con colecciones como Infinity o Varadero debido a su acabado met  lico en color Acero y Cuero. Cavallier se convierte en la colecci  n m  s moderna del mercado debido a las formas de los terminales que dan vida a esta colecci  n de alt  sima calidad.

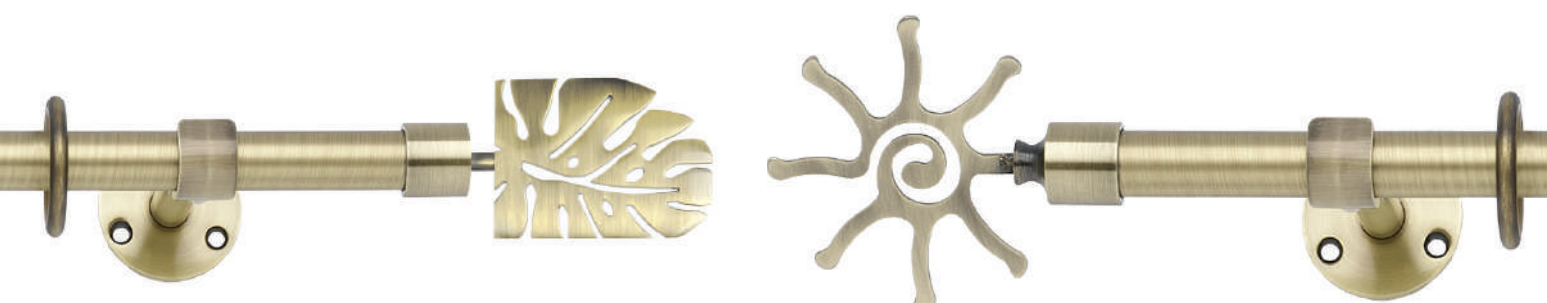

   We wanted to renew this collection by introducing new finials that can be combined with other collections such as Infinity or Varadero due to its metallic finish in Steel and Leather. The Cavallier collection becomes the most modern collection of the market due to their finial shapes that give a feeling to this top-quality collection.

   Nous avons voulu renouveler cette collection en introduisant de nouvelles embouts qui peuvent   tre combin  es avec d  autres collections comme Infinity ou Varadero en raison de sa finition m  tallique en acier et en cuir. La collection Cavallier devient la collection la plus moderne du march   en raison des formes de leurs embouts qui donnent un sentiment    cette collection de qualit   sup  rieure.

Presentamos 2 nuevos colores para la colección Varadero: Cromo y Negro, aplicado a los terminales más exitosos de la gama. El color cromo es un color de impacto que con su característico brillo potencia el estilo decorativo de la estancia permitiendo una combinación óptima entre iluminación y decoración. El color Negro es todo un clásico cada vez demandado en las principales tendencias de decoración actuales. La relación calidad-precio hace de esta colección la mejor opción en el mercado y una de las más extensas y completas.

Con estas Novedades, disponemos de 6 conjuntos en los colores Titanio, Cromo y Negro, 7 conjuntos en color Blanco y 11 conjuntos más en colores Plata mate, Acero, Cuero mate y Cuero. Por supuesto cada set lleva todos sus complementos a juego.

We present 2 new colours for the Varadero collection: Chrome and Black, applied to the most successful finials in the range. The Chrome colour is an impact colour that whose characteristic brightness enhances the decorative style of any room creating an optimal combination between lighting and decoration. Black is a classic colour that is increasingly more demanded in the current main decoration trends. The quality-price relationship makes this collection the best option in the market and one of the most extensive and complete.

With these new products, we have 6 sets in the colours Titanium, Chrome and Black, 7 sets in White and 11 sets in the colours Matt Silver, Steel, Matt Leather and Leather. Of course each set with all matching accessories

Nous présentons 2 nouvelles couleurs pour la collection Varadero : le Chrome et le Noir, appliquées aux embouts les plus performants de la gamme. Le Chrome est une couleur d'impact qui, grâce à sa luminosité caractéristique, met en valeur le style décoratif de la pièce, permettant une combinaison optimale entre l'éclairage et la décoration. La couleur Noire est un classique chaque fois plus demandée dans les principales tendances de la décoration actuelle.

Le rapport qualité-prix fait de cette collection la meilleure option du marché et l'une des plus complètes et des plus étendues. Avec ces nouveaux produits, nous avons 6 kits dans les couleurs Titane, Chrome et Noir, 7 kits dans la couleur Blanc et 11 kits dans les couleurs Argent mat, Acier, Cuir mat et Cuir. Bien sûr tous les kits avec ses accessoires assortis.

Barras Clásicas · Portavisillos

classic collections · net curtain rods / collectiones clasiques

 La colección Duero está diseñada en latón. En ella se ha puesto la más alta garantía de calidad en su cuidadoso proceso de trabajo, en el acabado de los detalles, en la selección del mejor material y por supuesto en el diseño de sus terminales y soportes que permiten infinidad de soluciones decorativas. Siguiendo un estilo elegante, cálido, brillante con líneas puras y limpias, se convierte en la colección más formal y seria de Altran.

 Duero collection is made of brass that is the noblest material for poles. It has been designed and produced with the highest quality process taking special care on the finishing details using high quality materials. The design of its finials and supports allow countless decorative solutions. Following an elegant, warm, bright style with clean lines this collection becomes the more formal and serious collection of Altran.

 La collection Duero est fabriquée en laiton qui est le matériel le plus noble pour la fabrication des tringles. Il a été conçu et fabriqué avec le processus de fabrication de la plus haute qualité en prenant un soin particulier sur les détails de finition en utilisant des matériaux de haute qualité. La conception de ses embouts et supports permettent d'innombrables solutions décoratives. Cette collection devient la collection la plus formelle et classique d'Altran avec son style élégant, chaleureux et lumineux avec lignes pures.

La Colección Belmonte está desarrollada en Madera y presenta 6 terminales en 6 colores diferentes. Se trata de una colección de estilo clásico pero donde lo más llamativo es su potente colorido moderno que la convierte en la combinación más actual en la decoración. Los estilos Vintage, DIY, Nórdico... están de enhorabuena con la aparición de esta colección capaz de unificar estilos de gran popularidad actualmente. Se trata de una colección que nos han pedido decoradores e interioristas y por fin, la hemos diseñado.

The Belmonte Collection is made of wood and offered in 6 finials with 6 different colors. It is a classic style collection but due to its appealing colorful look it becomes the latest trendy combination in terms of decoration. Happy time for people fond of the vintage, DIY and Nordic trends, our new collection gets all in one. It has been very demanded by Decorators and Interior Designers, and finally we are launching it.

La collection Belmonte est entièrement réalisée en bois et se présente en 6 embouts avec 6 gammes de couleurs. Il s'agit d'une collection classique et élégante mais prendre l'apparence d'une gamme de top tendance née de son choquante coloriel visuel. Des beaux jours pour les amateurs des modes vintage, DIY et Nordique, en apportant une véritable solution tout-en-un. Très demandée par Concepteurs et Décorateurs d'intérieur, finalement nous l'avons mis sur le marché.

 Los conjuntos dobles se sirven con los mismos terminales si no se indica lo contrario.
 Los conjuntos de medida superior a 2 m se sirven con 3 soportes.
Conjuntos Sencillos: 2 terminales, 2 soportes, barra y anillas.
Conjuntos Dobles: 4 term., 2 sop.dobles, 2 barras y anillas.
Indique en su pedido el acabado y la medida de la barra que desea.

 Double sets are supplied with the same finials in both poles if not especificed.
 All sets with a length longer than 2 meters are supplied with 3 brackets.
Single sets: 2 finials, 2 brackets, pole & rings.
Double sets: 4 finials, 2 double brackets, 2 poles & rings.
When ordering, please specify finish and size of pole.

 Kits doubles sont fournis avec les mêmets embouts en deux barres sinon spécifié.
 Tous les kits de mesures supérieures à 2 mètres contiennent 3 supports.
Kits simples: 2 embouts, 2 supports, tube et anneaux.
Kits doubles: 4 embouts, 2 supports doubles, 2 tubes et anneaux.
Merci de spécifier la finition et la taille de la barre.

Importante / Important / Important

-  Las barras Belmonte se sirven taladradas por ambos extremos para una fácil instalación del terminal. Si corta la barra en algún extremo, para facilitar la correcta y rápida instalación del terminal, es necesario taladrar el centro de los nuevos extremos cortados, con un taladro de 5 mm de diámetro y con 4 cm de profundidad para poder colocar el terminal. /
-  The Belmonte poles are supplied drilled on both ends for easy installation of finials. If you need to cut the poles, for an easy and proper finial installation, you should drill the center of the new end/s cut, with a 5mm diameter drill and making a hole of 4cm in order the finial fits in correctly. /
-  Les tringles en bois Belmonte sont fournies percées dans les extrémités pour assurer une installation correcte des embouts. Si vous avez besoin de couper les tringles, et pour assurer une installation correcte des embouts, vous devez percer le/s extrémité/s coupées avec une perceuse de 5mm et faire un trou de 4cm afin que les embouts s'ajustent parfaitement.

Cilindro Wengué

 La madera más noble es el material con el que se diseña esta colección. El estilo joven que transmite y el material empleado, dan solución a numerosas decoraciones donde se quiera conseguir el grado más alto de integración posible con la estancia. Gracias a sus diferentes soportes, podremos instalar esta colección en cualquier lugar independientemente de las condiciones del mismo. Aún siendo diseñada para su uso en interiores, la madera está tratada para soportar perfectamente el paso del tiempo en cuanto a rigidez y durabilidad del color.

 The hardwood is the material used in the production of this collection. The contemporary style and the material used, provide solutions to numerous decorations where you want to get the highest possible degree of integration with the stay. Thanks to its different support, we can install this collection anywhere regardless of the conditions thereof. Even though it is designed for indoor use, the wood is treated to perfectly support age and durability of colour.

 Le bois est le matériel utilisé dans la production de cette collection. Le style contemporain et le matériel utilisé, offrent solutions à de nombreuses décorations où vous voulez obtenir le plus haut degré possible d'intégration avec la chambre. Merci à ses supports, nous pouvons installer cette collection à toute type d'installation. Même si il est conçu pour une utilisation en intérieur, le bois est traité pour soutenir parfaitement le temps et la durabilité de la couleur.

Contenido del Kit / Kit components / Composants du Kit

Conjuntos Sencillos: 2 terminales, 2 soportes, barra y anillas.
Single sets: 2 finials, 2 brackets, pole & rings.
Kits simples: 2 embouts, 2 supports, tube et aneaux.

Indique en su pedido el acabado y la medida de la barra que desea.
When ordering, please specify finish and size of pole.
Merci de spécifier la finition et la taille de la barre.

Conjunto Doble: 4 terminales, 4 soportes, 2 barra y anillas.
Single sets: 4 finials, 4 brackets, 2 pole & rings.
Kits simples: 4 embouts, 4 supports, 2 tube et aneaux.

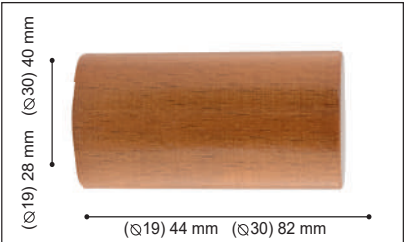

Ø 30: Los conjuntos superiores a 2 m llevan 3 soportes.
All sets with lenght longer than 2 m are supplied with 3 brackets.
Tous les kits de mesures supérieures à 2 m contiennent 3 supports.

*** A partir de 2,40 metros**, las barras se sirven en dos mitades.
En el Precio está incluida la pieza de empalme.
* From 2.4 m, poles are supplied in 2 halves and one joining screw to that purpose included in the price.
* À partir de 2.4 m, les barres sont fournies in 2 parties et un vis d'union à cette fin inclus dans le prix.

Ø 19: Los conjuntos superiores a 1,6 m llevan 3 soportes.
All sets with lenght longer than 1,6 m are supplied with 3 brackets.
Tous les kits de mesures supérieures à 1,6 m contiennent 3 supports.

Contenido del Kit / Kit components / Composants du Kit

 **Nota:** incluye 2 vueltas de 15 cm incluidas en el precio.
 A partir de 3 m las galerías van empalmadas.
Se debe proporcionar la medida exterior.
La medida exterior es igual a la superficie que necesita cubrir más 4 cm mínimo adicionales.
(4 cm = 1,7 cm x 2 de codos y/o esquinas + espacio para trabajar).

 **Note:** included 2 side returns of 15 cm in price.
 For sizes more than 3 m pelmets are spliced.
Sizes required are outer measures.
The outer measure is equal to the area you need to cover plus 4 cm minimum.
(4 cm = 1.7 cm x 2 elbows and / or corners + workspace).

 **Remarque:** le prix inclu 2 retours latéraux de 15 cm.
Pour les tailles plus de 3 m les cantonnières sont fournies en deux parties avec raccordeur. Tailles nécessaires sont des mesures extérieures. La mesure extérieur est égale à la surface dont vous avez besoin pour couvrir plus un minimum de 4 cm.
(4 cm = 1,7 cm x 2 coudes et / ou des coins + espace de travail).

Se debe proporcionar la medida exterior.
La medida exterior es igual a la superficie que necesita cubrir más 4 cm mínimo adicionales.
(4 cm = 1,7 cm x 2 de codos y/o esquinas + espacio para trabajar).

 **Note:** included 2 side returns of 15 cm in price.
 For sizes more than 3 m pelmets are spliced.
Sizes required are outer measures.
The outer measure is equal to the area you need to cover plus 4 cm minimum.
(4 cm = 1.7 cm x 2 elbows and / or corners + workspace).

 **Remarque:** le prix inclu 2 retours latéraux de 15 cm.
 Pour les tailles plus de 3 m les cantonnières sont fournies en deux parties avec raccordeur. Tailles nécessaires sont des mesures extérieures. La mesure extérieur est égale à la surface dont vous avez besoin pour couvrir plus un minimum de 4 cm.
(4 cm = 1,7 cm x 2 coudes et / ou des coins + espace de travail).

DECOTRIM Riel Manual / Hand-Drawn Track DECOTRIM / Rail DECOTRIM Tirage Manuel

Información General / General Information / Informations Générales

- 

Riel de Aluminio lacado de accionamiento manual para. Colores: Blanco, Plata y Acero.
Riel Versátil, resistente y adaptable. Una elección acertada para casi todo tipo de instalaciones.
- 

Aluminium hand-drawn curtain track. Colors: White, Anodized Silver & Steel.
Durable and adaptive track of versatile use. The right choice for almost all type of installations.
- 

Rail en aluminium de manoeuvre manuelle. Couleurs: Blanc, Argent Anodisé et Acier.
Rail solide et adaptable d'utilisation versatile. Le bon choix pour presque toute sorte d'installation.

ARGENT Riel Manual / Hand-Drawn Track ARGENT / Rail Manuelle ARGENT

Información General / General Information / Informations Générales

- 

Riel de Aluminio lacado de accionamiento manual Colores: Blanco y Plata
Riel Versátil, resistente y adaptable. Una elección acertada para casi todo tipo de instalaciones.
- 

Aluminium hand-drawn curtain track. Colors: White & Anodized Silver.
Durable and adaptive track of versatile use. The right choice for almost all type of installations.
- 

Rail en aluminium de manoeuvre manuelle. Couleurs: Blanc et Argent Anodisé.
Rail solide et adaptable d'utilisation versatile. Le bon choix pour presque toute sorte d'installation.

FIJO Riel Manual / Hand-Drawn Track FIJO / Rail Manuelle FIJO

Información General / General Information / Informations Générales

- 

Riel de Aluminio lacado de accionamiento manual de uso profesional. Color: Blanco

Riel Versátil, resistente y adaptable. Una elección acertada para casi todo tipo de instalaciones.
- 

Aluminium hand-drawn curtain track. Color: White.

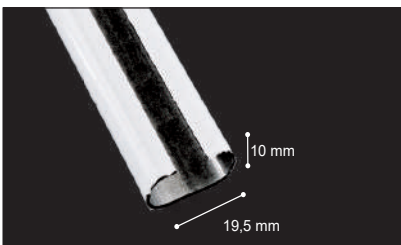

Durable and adaptive track of versatile use. The right choice for almost all type of installations.
- 

Rail en aluminium de manoeuvre manuelle. Couleur: Blanc

Rail solide et adaptable d'utilisation versatile. Le bon choix pour presque toute sorte d'installation.

MALEABLE Riel Manual / Hand-Drawn Track MALEABLE / Rail Manuelle MALEABLE

Información General / General Information / Informations Générales

- 

Riel de Aluminio lacado de accionamiento manual. Color: Blanco
Riel Versátil, resistente y adaptable. Una elección acertada para casi todo tipo de instalaciones.
Fácil de doblar a la forma deseada con las manos. Ideal para ventanas curvadas o instalaciones con rincones y/o esquinas.
- 

Aluminium hand-drawn curtain track. Color: White.
Durable and adaptive track of versatile use. The right choice for almost all type of installations.
Easy to bend to the desired shape. Ideal for bay windows or for special installations where corner tracks are required.
- 

Rail en aluminium de manoeuvre manuelle. Couleur: Blanc
Rail solide et adaptable d'utilisation versatile. Le bon choix pour presque toute sorte d'installation.
Facile à cintrer. Idéal pour des fenêtres arrondies ou des installations speciales en coin.

Rieles a Cordón

cord-drawn curtain tracks / rails tirage cordon

Riel de aluminio RM09 Cordón / RM09 cord-drawn Aluminium track / Rail RM09 d'aluminium avec tirage Corde

- 

Riel de aluminio lacado de accionamiento a cordón. Color blanco. Riel versátil, resistente y curvable. De uso en instalaciones donde se requiera un sistema para cortinas de peso medio, alto o muy alto con accionamiento a cordón.
- 

Lacquered cord-drawn aluminium. White colour. Versatile, resistant and bendable track. For use in every installation where a cord-drawn system for medium to very heavy duty curtains is required.
- 

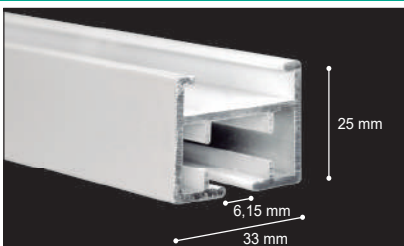

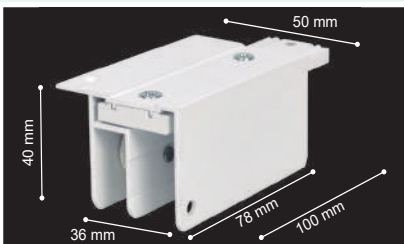

Rail en aluminium laqué avec manœuvre à cordon. Couleur blanche. Rail polyvalent, résistant et pliable. Pour une utilisation dans des installations où un système à cordon pour des rideaux de poids moyen à très lourd est requis.

Rieles Motorizados

motorized curtain tracks / rails motorisés

*No incluye mando.
Dependiendo del motor elegido para domotizar el sistema RM09, necesitaremos emplear o no, el cable telefónico con conector RJ9 (no incluido), independientemente de si se instala con o sin el pulsador J.R112.

*Remote control not included. Depending on the motor chosen for the home automation use of the RM09 system , a telephone cord with RJ9 plug (not included) will be needed or not, regardless of the installation with or without the wall switch J.R112.

Télécommande ne pas compris. En fonction du moteur choisi pour l'utilisation domotique du système RM09, le cordon téléphonique avec connecteur RJ9 (non compris) sera nécessaire ou non, indépendamment de l'installation avec ou sans interrupteur mural J.R112.

Riel de aluminio lacado de accionamiento eléctrico. Color blanco.

Riel versátil, resistente y curvable. De uso en instalaciones donde se requiera un sistema motorizado con cortinas de peso medio, alto o muy alto.

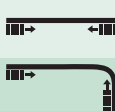

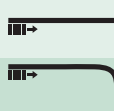

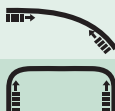

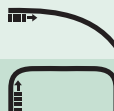

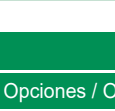

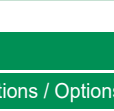

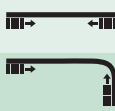

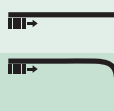

Lacquered aluminium rail for electric use. White colour.

Versatile, resistant and bendable track. For use in every installation where a motorized system for medium to very heavy duty curtains is required.

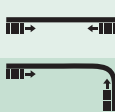

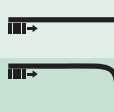

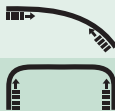

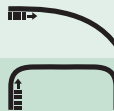

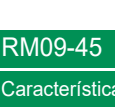

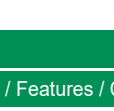

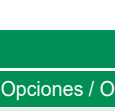

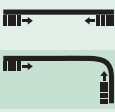

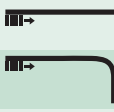

Rail en aluminium laqué à usage électrique. Couleur blanche.

Rail polyvalent, résistant et pliable. Pour une utilisation dans des installations où un système motorisé pour des rideaux de poids moyen à très lourd est requis.

INFORMACIÓN DE PRODUCTO (DEPENDIENDO DEL PERFIL)/ PRODUCT INFORMATION (DEPENDING ON THE PROFILE): / INFORMATION PRODUIT (EN FONCTION DU PROFIL) :

Sistema: riel técnico para motorizar, altamente eficaz para todo tipo de cortinas desde peso medio hasta peso muy alto. Color: blanco. Otros colores especiales disponibles bajo pedido (consultar condiciones).

- Materiales: perfilera de aluminio aleación 6063/T5. Accesorios plásticos: resina acetálica. Accesorios metálicos: pletina calibrada de hierro para estampación en frío.
- Soportes: a techo con posibilidad de añadir escuadras para instalación al frente.
- Deslizamiento: varias opciones de corredera: corredera patín, corredera clic (RS10); corredera con rueda y anilla metálica (RM09); onda perfecta distancia 6 y 8 cm.
- Curvable: se puede curvar y arquear empleando un radio mínimo de 20 cm. dependiendo del riel.
- Apertura: Lateral y central.
- Largo máximo disponible sin empalmes: 6m. Rieles completos cortados a medida.
- Cargas máximas: ver tablas catálogo.
- Recubrimiento: lacado poliéster con mínimo de 60 micras. Uso de pintura electrostática. Impregnado con un lubricante sólido patentado especial para reducir la fricción de la corredera.
- Correa dentada resistente para cortinas pesadas y/o uso frecuente de la motorización.
- Componentes y medidas: consultar catálogo.

System: technical rail for motorization, highly effective for all types of curtains from medium to very high duty. Colour: lacquered white. Other colours available on MOQ (check conditions).

- Materials: 6063/T5 alloy aluminium profile. Plastic accessories: acetyl resin. Metal accessories: calibrated iron plate for cold stamping. Stainless steel.
- Brackets: multiple choice including special swivel and/or extrastrong brackets.
- Multi-option sliding: wheeled glider; click system glider (RS10); wheeled glider w/metal ring (RM09); perfect wave distance 6 and 8cm.
- Bendable: by machine in continuous arch or angle. Minimum radius 20 cm. (depending on the system)
- Opening: side or central modes.
- Maximum length available w/o splices: 6m. Made to measure fully assembled tracks.
- Loading capacity: see catalogue tables.
- Coating: polyester lacquered with a minimum of 60 microns. Use of electrostatic paint. Profile with patented self-lubricating design to minimize gliders friction and ensure a perfect sliding in straight and curved profiles.
- Strong and durable textile belt system for heavy duty curtains and/or frequent use of the motorization.
- Components and sizes: see catalogue.

Système : rail technique pour motorisation, très efficace pour tous les types de rideaux de poids moyenne à très haute. Couleur : blanc laqué. Autres couleurs disponibles sur commande minimum (vérifier conditions).

- Matériaux : Profil en aluminium 6063/T5. Accessoires en plastique : résine acétyle. Accessoires métalliques : plaque de fer calibrée pour l'estampage à froid. Acier inoxydable.
- Supports : multiple choix, y compris supports spéciaux pivotants et/ou extra-forts.
- Glissement : glisseur à roues ; glisseur clic (RS10) ; glisseur à roues avec anneau métallique (RM09) ; wave 6 et 8 cm.
- Cintrage : par machine en arc continu ou en angle. Rayon minimum de 20 cm. (selon le système)
- Ouverture : latéral ou central 2 rideaux.
- Longueur maximale disponible sans raccord: 6m. Coupure sur mesure.
- Poids : voir tableaux du catalogue.
- Revêtement : polyester laqué avec un minimum de 60 microns. Utilisation d'une peinture électrostatique. Profil autolubrifiante pour minimiser la friction des glisseurs et assurer un glissement parfait dans les profils droits et courbes.
- Système de courroie textile solide et durable pour usage intensif
- Composants et dimensions : voir catalogue.

INFORMACIÓN DE PRODUCTO (DEPENDIENDO DEL MOTOR)/ MOTORS OVERVIEW/ DÉTAILS MOTEURS :

Fácil de instalar. Programación fácil y rápida.

- Motor apto para instalación en la parte superior o inferior del riel, adaptándose a cualquier necesidad especial de la estancia o el usuario.
- Motor eléctrico DC silencioso/ motor electrónico AC silencioso/motor mecánico.
- Motor asincrónico, libre de interferencias.
- Dispositivo térmico de protección contra sobrecargas eléctricas.
- Función mediante pulsador 2 canales, mando a distancia* 7 canales ó APP móvil. *Alcance de 30 metros.
- Tecnología de Toque Automático, tirando suavemente de la cortina para abrir o cerrar. Puede activarse o desactivarse.
- Tecnología wifi TECHFY.
- Sistema especial patentado de embrague con opción manual en caso de falta de energía.
- Búsqueda automática de los límites.
- Función disponible de arranque y parado lento.
- Permite 2 posiciones intermedias programables.
- Memoria de programación en ausencia de energía eléctrica.
- Receptor integrado en el mecanismo (excepto motor mecánico).
- Con la interfaz de contacto seco, proporcionando el punto de acción, o incluso el patrón de movimiento del interruptor de control remoto, facilita el logro de una gran variedad de modos de control.
- Puede domotizarse conectando mediante cable eléctrico o cable telefónico.

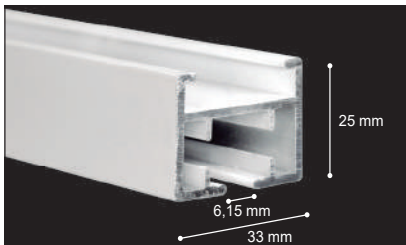

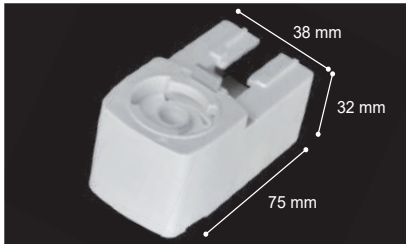

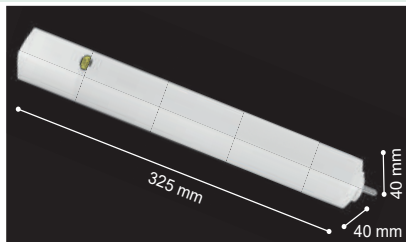

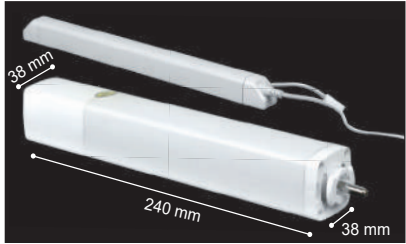

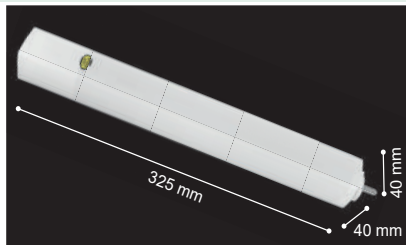

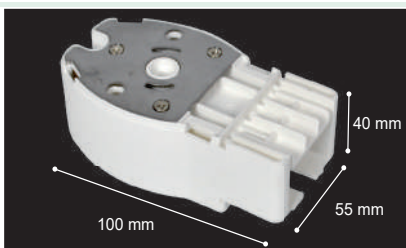

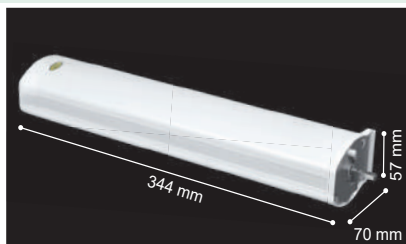

Easy, effortless set up.

- 2 motor position: track upwards or downwards..
- Silent DC electric motor/ silent AC electronic motor/mechanical motor.
- Asynchronous, interference-free motors.
- Electrical surge protection.
- Control: 2-channels wall-switch, 7-channel remote control* or APP smart-phone. *30 metres reach.
- Automatic Touch Technology, by gently curtain pulling. Enabled/disabled function.
- TECHFY Wifi technology.
- Special patented clutch system with manual option in case of power failure.
- Full automatic limits setting.
- Slow/start and stop function.
- 2 intermediate stop functions.
- Program memory without power supply.
- Receiver integrated in the mechanism (except mechanical)
- With the dry contact interface, providing the point of action, or even the movement pattern of the remote control switch, it offers a wide variety of control modes.
- Connection to home automation system with electric cable or telephonic cable (dry contact)

Installation facile et rapide.

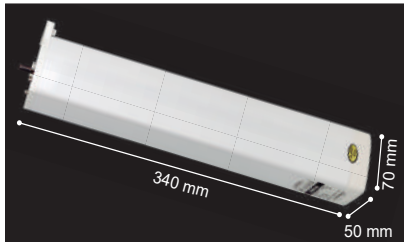

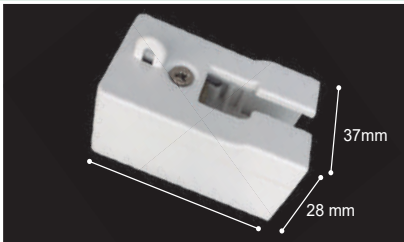

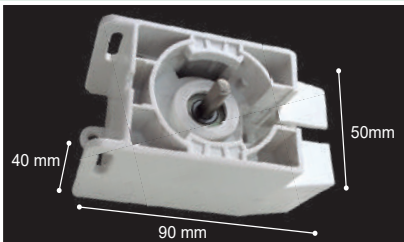

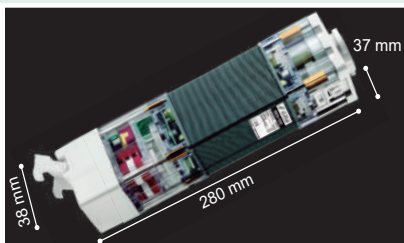

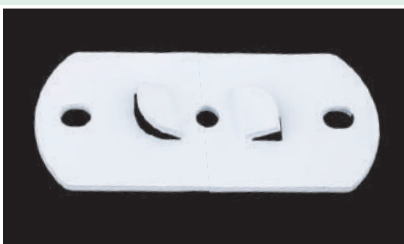

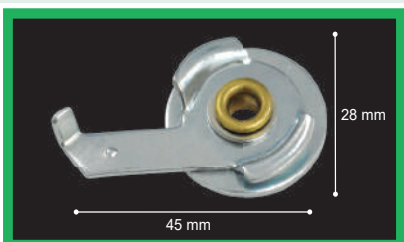

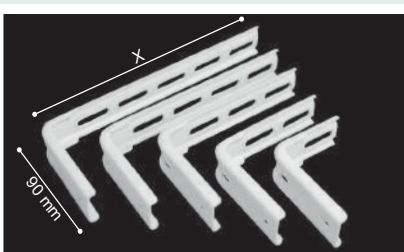

- 2 positions du moteur : en haut/en bas du rail.
- Moteur électrique DC silencieux/ moteur électronique AC silencieux/ moteur mécanique.
- Moteur asynchrone, sans interférences.
- Protection contre les surtensions électriques.
- Control : Interrupteur mural à 2 canaux, télécommande à 7 canaux* ou smart phone APP. *Portée de 30 mètres.
- Touch control automatique, par bref tirage de rideau. Fonction activée/désactivée.
- Technologie Wifi TECHFY.
- Système d'embrayage spécial avec option manuelle en cas de panne de courant.
- Réglage des limites entièrement automatique.
- Arrêts progressifs.
- 2 fonctions d'arrêt intermédiaires.
- Mémoire de programme sans alimentation électrique.
- Récepteur intégré dans le mécanisme (sauf mécanique)
- Avec l'interface à contact sec, qui fournit le point d'action, ou même le schéma de mouvement de l'interrupteur de la télécommande, en offrant une grande variété de modes de contrôle.
- Connexion au système domotique par câble électrique ou câble téléphonique (contact sec)

INFORMACIÓN DE PRODUCTO (DEPENDIENDO DEL PERFIL)/ PRODUCT INFORMATION (DEPENDING ON THE PROFILE): / INFORMATION PRODUIT (EN FONCTION DU PROFIL) :

 Sistema: riel técnico para motorizar, altamente eficaz para todo tipo de cortinas desde peso medio hasta peso muy alto. Color: blanco. Otros colores especiales disponibles bajo pedido (consultar condiciones).

- Materiales: perfilera de aluminio aleación 6063/T5. Accesorios plásticos: resina acetálica. Accesorios metálicos: pletina calibrada de hierro para estampación en frío.
- Soportes: a techo con posibilidad de añadir escuadras para instalación al frente.
- Deslizamiento: varias opciones de corredera: corredera patín, corredera clic (RS10); corredera con rueda y anilla metálica (RM09); onda perfecta distancia 6 y 8 cm.
- Curvable: se puede curvar y arquear empleando un radio mínimo de 20 cm. dependiendo del riel.
- Apertura: Lateral y central.
- Largo máximo disponible sin empalmes: 6m. Rieles completos cortados a medida.
- Cargas máximas: ver tablas catálogo.
- Recubrimiento: lacado poliéster con mínimo de 60 micras. Uso de pintura electrostática. Impregnado con un lubricante sólido patentado especial para reducir la fricción de la corredera.
- Correa dentada resistente para cortinas pesadas y/o uso frecuente de la motorización.
- Componentes y medidas: consultar catálogo.

 System: technical rail for motorization, highly effective for all types of curtains from medium to very high duty. Colour: lacquered white. Other colours available on MOQ (check conditions).

- Materials: 6063/T5 alloy aluminium profile. Plastic accessories: acetyl resin. Metal accessories: calibrated iron plate for cold stamping. Stainless steel.
- Brackets: multiple choice including special swivel and/or extrastrong brackets.
- Multi-option sliding: wheeled glider; click system glider (RS10); wheeled glider w/metal ring (RM09); perfect wave distance 6 and 8cm.
- Bendable: by machine in continuous arch or angle. Minimum radius 20 cm. (depending on the system)
- Opening: side or central modes.
- Maximum length available w/o splices: 6m. Made to measure fully assembled tracks.
- Loading capacity: see catalogue tables.
- Coating: polyester lacquered with a minimum of 60 microns. Use of electrostatic paint. Profile with patented self-lubricating design to minimize gliders friction and ensure a perfect sliding in straight and curved profiles.
- Strong and durable textile belt system for heavy duty curtains and/or frequent use of the motorization.
- Components and sizes: see catalogue.

 Système : rail technique pour motorisation, très efficace pour tous les types de rideaux de poids moyenne à très haute. Couleur : blanc laqué. Autres couleurs disponibles sur commande minimum (vérifier conditions).

- Matériaux : Profil en aluminium 6063/T5. Accessoires en plastique : résine acétyle. Accessoires métalliques : plaque de fer calibrée pour l'estampage à froid. Acier inoxydable.
- Supports : multiple choix, y compris supports spéciaux pivotants et/ou extra-forts.
- Glissement : glisseur à roues ; glisseur clic (RS10) ; glisseur à roues avec anneau métallique (RM09) ; wave 6 et 8 cm.
- Cintrage : par machine en arc continu ou en angle. Rayon minimum de 20 cm. (selon le système)
- Ouverture : latéral ou central 2 rideaux.
- Longueur maximale disponible sans raccord: 6m. Coupure sur mesure.
- Poids : voir tableaux du catalogue.
- Revêtement : polyester laqué avec un minimum de 60 microns. Utilisation d'une peinture électrostatique. Profil autolubrifiante pour minimiser la friction des glisseurs et assurer un glissement parfait dans les profils droits et courbes.
- Système de courroie textile solide et durable pour usage intensif
- Composants et dimensions : voir catalogue.

INFORMACIÓN DE PRODUCTO (DEPENDIENDO DEL MOTOR)/ MOTORS OVERVIEW/ DÉTAILS MOTEURS :

 Fácil de instalar. Programación fácil y rápida.

- Motor apto para instalación en la parte superior o inferior del riel, adaptándose a cualquier necesidad especial de la estancia o el usuario.
- Motor eléctrico DC silencioso/ motor electrónico AC silencioso/motor mecánico.
- Motor asincrónico, libre de interferencias.
- Dispositivo térmico de protección contra sobrecargas eléctricas.
- Función mediante pulsador 2 canales, mando a distancia* 7 canales ó APP móvil. *Alcance de 30 metros.
- Tecnología de Toque Automático, tirando suavemente de la cortina para abrir o cerrar. Puede activarse o desactivarse.
- Tecnología wifi TECHFY.
- Sistema especial patentado de embrague con opción manual en caso de falta de energía.
- Búsqueda automática de los límites.
- Función disponible de arranque y parado lento.
- Permite 2 posiciones intermedias programables.
- Memoria de programación en ausencia de energía eléctrica.
- Receptor integrado en el mecanismo (excepto motor mecánico).
- Con la interfaz de contacto seco, proporcionando el punto de acción, o incluso el patrón de movimiento del interruptor de control remoto, facilita el logro de una gran variedad de modos de control.
- Puede domotizarse conectando mediante cable eléctrico o cable telefónico.

 Easy, effortless set up.

- 2 motor position: track upwards or downwards..
- Silent DC electric motor/ silent AC electronic motor/mechanical motor.
- Asynchronous, interference-free motors.
- Electrical surge protection.
- Control: 2-channels wall-switch, 7-channel remote control* or APP smart-phone. *30 metres reach.
- Automatic Touch Technology, by gently curtain pulling. Enabled/disabled function.
- TECHFY Wifi technology.
- Special patented clutch system with manual option in case of power failure.
- Full automatic limits setting.
- Slow/start and stop function.
- 2 intermediate stop functions.
- Program memory without power supply.
- Receiver integrated in the mechanism (except mechanical)
- With the dry contact interface, providing the point of action, or even the movement pattern of the remote control switch, it offers a wide variety of control modes.
- Connection to home automation system with electric cable or telephonic cable (dry contact)

 Installation facile et rapide.

- 2 positions du moteur : en haut/en bas du rail.
- Moteur électrique DC silencieux/ moteur électronique AC silencieux/ moteur mécanique.
- Moteur asynchrone, sans interférences.
- Protection contre les surtensions électriques.
- Control : Interrupteur mural à 2 canaux, télécommande à 7 canaux* ou smart phone APP. *Portée de 30 mètres.
- Touch control automatique, par bref tirage de rideau. Fonction activée/désactivée.
- Technologie Wifi TECHFY.
- Système d'embrayage spécial avec option manuelle en cas de panne de courant.
- Réglage des limites entièrement automatique.
- Arrêts progressifs.
- 2 fonctions d'arrêt intermédiaires.
- Mémoire de programme sans alimentation électrique.
- Récepteur intégré dans le mécanisme (sauf mécanique)
- Avec l'interface à contact sec, qui fournit le point d'action, ou même le schéma de mouvement de l'interrupteur de la télécommande, en offrant une grande variété de modes de contrôle.
- Connexion au système domotique par câble électrique ou câble téléphonique (contact sec)

- 

El conjunto completo consiste en:

 - Perfil velcroado.
 - Mecanismo integrado: (Guía-hilos, freno, cadenaeta 3m, varilla y tapa).
 - Soportes ref. D.1015 (se puede cambiar por D.1023, solicitándolo en el pedido).
 - Pletina contrapeso ref: C.12003BL.
 - Cordón 4 m.
 - Freno 1:1 hasta 4 kg.
 - Freno 1:4 hasta 9 kg.
- 

Complete set consists of:

 - Velcro-bonded profile.
 - Integrated mechanism: (Cord Guides, 3m chainlock, shaft, endcap).
 - Brackets ref. D.1015 (Supplied also with bracket D.1023 upon request).
 - Batten ref: C.12003BL.
 - Cord 4 m.
 - Lock 1:1 Up to 4 kg.
 - Lock 1:4 Up to 9 kg.
- 

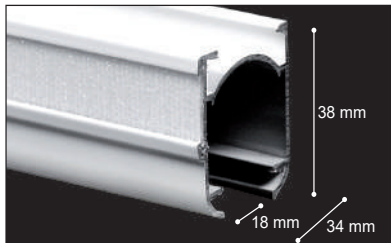

Le kit complet est composé de:

 - Rail velcro.
 - Le système intégré: (Guide Cordón, frein, chaînette 3m).
 - Supports ref. D.1015 (Fourni avec le support D.1023 sur demande).
 - Barre de lestage ref: C.12003BL.
 - Corde 4 m.
 - Frein 1:1 Jusqu'à 4 kg.
 - Frein 1:4 Jusqu'à 9 kg.

Información General / General Information / Informations Générales

- 

Riel de aluminio lacado en blanco con mecanismo integrado y sistema de elevación de cadeneta estores.

Freno 1:1 hasta 4 kg.

Freno 1:3 hasta 9 kg.

El conjunto completo consiste en:

 - Perfil velcardo.
 - Mecanismo integrado: (Guía-hilos, freno, cadeneta 3m, varilla y tapa).
 - Soportes ref. D.1015 (se puede cambiar por D.1023, solicitándolo en el pedido).
 - Pletina contrapeso ref: C.12003BL.
 - Cordón 4 m.
- 

White lacquered aluminium track with integrated mechanism and chain operated for roman blinds.

Lock 1:1 Up to 4 kg.

Lock 1:3 Up to 9 kg.

Complete set consists of:

 - Velcro-bonded profile.
 - Integrated mechanism: (Cord Guides, 3m chainlock, shaft, encap).
 - Brackets ref. D.1015 (Supplied also with bracket D.1023 upon request).
 - Batten ref: C.12003BL.
 - Cord 4 m.
- 

Rail aluminium blanc laqué avec système mecanisme intégré et chaîne pour store Romain.

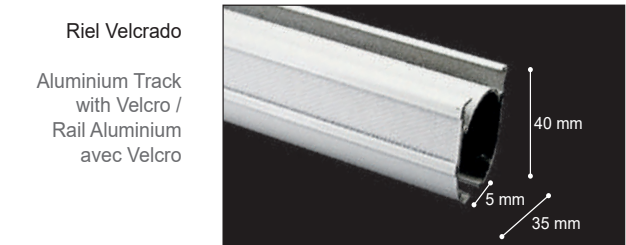

Frein 1:1 Jusqu'à 4 kg.

Frein 1:3 Jusqu'à 9 kg.

Le kit complet est composé de:

 - Rail velcro.
 - Le système intègre: (Guide Cordón, frein, chaînette 3m).
 - Supports ref. D.1015 (Fourni avec le support D.1023 sur demande).
 - Barre de lestage ref: C.12003BL.
 - Corde 4 m.

2 Opciones de Motorización: 2 power options / 2 options de motorisation

- Kit D.1005 Motorización DC incluye/including/contient:
Motor/motor/moteur D.1018 y transformador/adapter/transformateur D.1040.
- Kit D.1006 Motorización Batería para pilas incluye/including/contient:
Motor/motor/moteur D.1018 y Batería para pilas y soportes/battery for AA/batterie pour piles D.1046.
- Opción/option/option: - Kit Motorización Batería recargable incluye/including/contient:
Motor/motor/moteur D.1018 y Batería recargable/rechargeable battery/batterie rechargeable J.R117 y cargador/charger/chargeur J.R116.

Características Técnicas Motor

- El Receptor está integrado en el motor.
 - Funciona por radiofrecuencia, con mando a distancia de 15 canales con un alcance de 35 m.
 - La programación del sistema es muy fácil y rápida.
 - Ancho mínimo del riel: 500 mm.
 - Largo máximo del riel: 3 metros.
 - Área máxima de arrastre 8m2.
 - Final de carrera electrónico con receptor integrado.
 - Protección contra sobrecargas eléctricas.
 - Parada automática al finalizar su recorrido.
 - Peso máximo soportado 4 Kg (peso total de la cortina).
 - Permite conexión Domótica.
 - Rango Temperatura: 0°- 40° Centígrados.
 - Para fijar finales de carrera hace falta mando.
- Altran ofrece una **Garantía de 2 años** para todos sus Motores, a partir de la fecha de factura, salvo mal uso o rotura por parte del cliente-usuario-instalador.

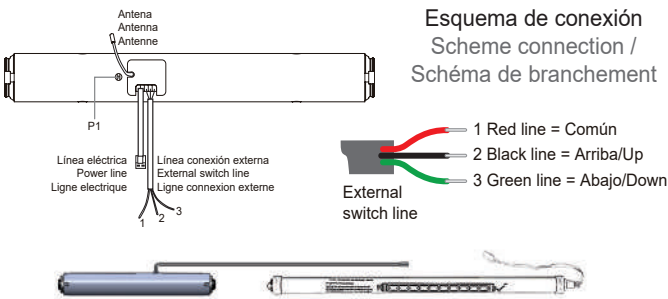

Motor Technical Features

- Built-in receiver.
- Radiofrequency works with a 15channel remote control (35m operative range).
- Fast and easy programming.
- Minimum blind width: 500 mm.
- Maximum blind length: 3 meters.
- Load maximum allowable area: 8 m2
- Electronic end limit with built-in receiver
- Electrical overload protection feature.
- Motor switches off automatically when limits are reached.
- Maximum blind weight: 4 kg.
- Home Automation System is applicable.
- Temperature Range: 0° - 40° Centigrade.
- Remote control is needed for end limits setting.
- Altran offers a **2 year warranty** for all motors, from the date of invoice, unless misuse or failure by the customer-user-installer.

Caractéristique Technique Moteur

- Récepteur intégré dans le moteur
- Fonctionne pour radiofréquences avec télécommande de 15 canaux avec une portée de 35m.
- La programmation est très simple et rapide.
- Largeur minimum du rail: 500 mm.
- Longueur maximum du rail: 3 mètres.
- Domaine de poussée maximum 8m2.
- Fin de course électronique avec récepteur intégré.
- Protection contre les surcharges électriques.
- Arrêt automatique à la fin du parcours.
- Poids maximum supporté: 4 kg (poids total du rideau).
- Système Domotique applicable.
- Température: 0° - 40° Centigrade.
- Télécommande est requis pour la fixation des fins de course
- Altran offre une **garantie de 2 ans** pour tous les moteurs, à partir de la date de la facture, sauf utilisation incorrecte par le client-utilisateur-installateur.

J.R116		1		46,58 €															

Características Batería Externa D.1046:
Funciona con 10 pilas AA (pilas no incluidas).

Technical Features of External Battery D.1046:
Powered by 10 AA batteries (not included)

Caractéristique Technique Batterie Externe D.1046:
Fonctionnant sur 10 piles AA (non incluses)

Test de funcionamiento de la Batería Externa:

- Tramo recorrido: 1,6 m.
- Peso arrastrado: 4 kg.
- Nº de repeticiones del movimiento: 230 ciclos.

Running test of external battery:

- Distance measured: 1,6m.
- Carried weight: 4 kgs.
- Number of repetitions of the movement: 230 cycles.

Test de fonctionnement de la batterie externe:

- Section du parcours: 1.6M
- Poids des charge traînées: 4 kgs.
- Nombre de répétitions du mouvement: 230 cycles

CADENETA (Accionamiento Cadeneta) / CADENETA (Chain system) / CADENETA avec chaînette

- 

Riel de aluminio lacado de accionamiento a cadena. Color blanco. Riel especializado de uso en instalaciones donde se requiera un sistema panelado vertical.
- 

Lacquered aluminium chain-drawn system. White colour. Specialized rail for use in every installation where a vertical paneling system is required.
- 

Rail en aluminium laqué de manœuvre avec chaînette. Couleurs blanche. Rail spécialisé pour une utilisation dans des installations où un système pannelé verticale est requis.

Información General / General Information / Informations Générales

- 

Todos los estores se pueden cortar a medida, sin incremento de precio. Todos los estores pre-montados se montan con el freno para cortinas de un peso máximo de 2 kg. Para cortinas más pesadas (máximo 4,5 kg.) debe utilizarse el freno superior que se vende al mismo precio. Los estores pre-montados en kits contienen los siguientes componentes:

Riel de aluminio velcro.....Longitud
Freno cadenete (2kg.) 1:1.....1
Guía galón montada.....Ver tabla
Varillas de Fibra de Vidrio (4mm).....Longitud x 7
Pletina contrapeso de aluminio.....Longitud
Anillas.....Nº Guías x 7
Soportes (4cm)Ver tabla
Varilla cuadrada de aluminio.....Longitud
Cadeneta sin fin.....3 m
Tapas laterales.....2
Velcro hembra.....Longitud
Clip galón.....Ref: D.43
- 

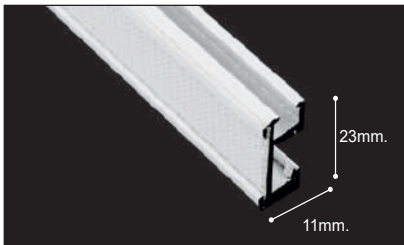

All blinds can be cut to measure without price increase. All the pre-assembled blinds in kits are supplied with the locking mechanism for blinds weighing a maximum of 2 kg. Should a heavier blind be used, a more heavy duty locking mechanism (maximum 4,5 kg.) can be supplied upon request, at no extra cost. The pre-assembled tracks supplied in kits contain the following components:

Aluminium track with bonded velcro...Length
Chain sidewinder
locking mechanism (2kg) 1:1.....1
Assembled tape Guides.....See table
Fiberglass Laths (4mm).....Length x 7
Aluminium batten.....Length
Rings.....Nº Guides x 7
Brackets (4cm)See Table
Square aluminium rod.....Length
Continuous chain.....3 m
Endcaps.....2
Velcro tape (loop section).....Length
Plastic end caps.....Ref: D.43
- 

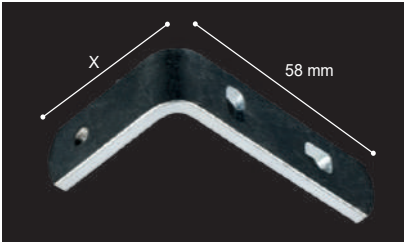

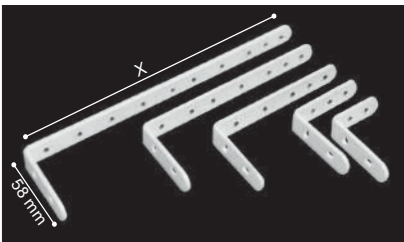

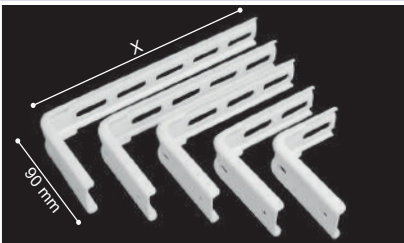

Tous les stores peuvent être coupés à la mesure sans supplément prix. Tous les kits pré-assemblés comportent un mécanisme de blocage pour des stores de 2 kg. max. Pour des stores plus lourds (max. 4,5 kg.) le mécanisme peut être fourni sans cout supplémentaire. Les rails fournis dans le kit contiennent les suivants composants:

Rail Aluminium.....Largeur
Mechanism blocage 1:1.....1
Guide rubans.....Voir table
Jonc de Fibre de Verre (4mm).....Largeur x 7
Pletine Aluminium.....Largeur
Anneaux.....Nº Guides x 7
Supports (4cm).....Voir table
Barre carrée aluminiumLargeur
Chaîne.....3 m
Bouchon final.....2
Velcro femelleLargeur
Bouchon final Plastique.....Ref: D.43

Estor Troya (Accionamiento Cordón) / Roman blind (cord - drawn) / Store bateau (tirage á cordon)

- 

Riel de aluminio lacado de accionamiento a hilos. Color blanco. Riel especializado de uso en instalaciones donde se requiera un sistema de subida vertical.
- 

Lacquered aluminium string-drawn system. White colour. Specialized rail for use in every installation where a system with vertical rise is required.
- 

Rail en aluminium laqué de manoeuvre avec fils. Couleur blanche. Rail spécialisé pour une utilisation dans des installations où un système avec montée verticale est requis.

 **El Panel Japonés Motorizado** está equipado con el motor **AS-04** de última generación apto tanto para uso doméstico, como comercial o industrial, debido a sus altas prestaciones.

El motor está diseñado para usar perfiles de 3, 4 ó 5 vías.

El largo máximo en el que fabricamos el panel es de 6,00 metros sin emplear ningún tipo de empalme.

Por el interior del perfil circula una correa dentada muy resistente por lo que la transmisión del desplazamiento es perfecta y muy silenciosa. Además, recubrimos el interior del perfil con un barniz que disminuye todavía más el rozamiento y por tanto, el ruido. Por otra parte, las correderas empleadas disponen de unas ruedas que facilitan el fluir de la cortina.

Cuenta con un detector automático de los límites finales de la carrera donde debe iniciarse la apertura y el cierre del panel. Esta función se puede programar también manualmente.

Opcionalmente se puede solicitar o bien un mando a distancia de 7 canales o un pulsador de pared de 2 canales. El mando a distancia tiene un alcance de 30 metros. La programación del sistema es muy fácil y rápida. Ambos sistemas pueden incluirse dentro del paquete de tecnología domótica que se esté empleando en el lugar de la instalación (consulte el manual de instrucciones).

El panel se sirve cortado a medida y preparado para el modo de apertura deseado: apertura izquierda o apertura derecha. El motor estará colocado a la derecha del perfil.

Otras características técnicas:

- Voltaje: 24VDC
- Velocidad: 95RPM
- Par torsor: 1 Nm
- Índice de Protección: IP41
- Peso: 0,56 Kg
- Receptor integrado en el motor.
- Final de carrera electrónico.
- Dispositivo térmico de protección contra sobrecargas eléctricas.
- Parada automática del sistema al finalizar su recorrido.
- Motor asincrónico, libre de interferencias.

Altran ofrece una Garantía de 2 años para todos sus Motores, a partir de la fecha de factura, salvo mal uso o rotura por parte del cliente-usuario-instalador.

Disponemos de información técnica adicional sobre este producto. Solicítela en caso de estar interesado.

We have at your disposal additional technical information about this product. Please, ask for it in case of interest.

Nous mettons à votre disposition des informations techniques supplémentaires sur ce produit. S'il vous plaît demander en cas d'intérêt.

 The **Motorized Sliding Panel** is equipped with the last generation **motor AS-04**, suitable for domestic, commercial or industrial purposes, due to its great performance.

The motor is designed to be used in tracks of 3, 4 and 5 channels. The maximum length in one piece is 6,00mts.

A high-resistance timing belt runs inside the guide profile thus ensuring a perfect and silent sliding. Moreover, the guide profile is coated with a special varnish that decreases friction and noise. On the other hand, the runners used are wheeled, fact that facilitates the sliding of the curtain.

It includes an automatic detector of the opening and closing limit switches. This function can be programmed also manually.

Optionally a 7channels remote control or a 2channels wall switch can be ordered separately. The operating range of the remote control unit is 30 metres. The programming is very easy and quick. Both systems can be included in a domotic or home automation system installation (Pls refer to the instruction manual).

The track is supplied cut to measure and prepared for the desired opening mode: towards left or towards right. The motor will be placed in the right side.

Altran offers a 2 year warranty for all motors, from the date of invoice, unless misuse or failure by the customer-user-installer.

 Le **Panneau Japonais** est équipé d'un **moteur de dernière génération AS-04**, apte tant pour un usage domestique comme commercial et industriel grâce à ses grandes prestations.

Le moteur est dessiné pour son usage dans rails de 3, 4 et 5 voies. La longueur maximale dans une seule une pièce est 6,00Mts.

Dans l'intérieur du profil une courroie dentée très résistante circule silencieusement et avec un glissement parfait au système. De plus, la guide intérieure est recouverte d'un vernis spécial qui diminue le frottement et comme conséquence le bruit. Par ailleurs, les guidages coulissants facilitent le glissement du rideau.

Le système dispose d'un détecteur automatique des commutateurs de fin de course où on doit initier l'ouverture et la fermeture du panneau. Cette fonction peut être programmée aussi manuellement.

On peut optionnellement solliciter ou bien une télécommande de 7 canaux ou interrupteur mural manuel de 2 canaux. La portée de la télécommande est de 30 metres au maximum. La programmation du système est très facile et rapide. Les deux systèmes peuvent s'incorporer aux installations domotiques (SVP consultez le manuel d'instructions).

Le panneau se sert coupé sur mesure et préparé à la manière désirée d'ouverture: ramassage à gauche ou à droite. Le moteur sera placé dans le côté droit.

Altran offre une garantie de 2 ans pour tous les moteurs, à partir de la date de la facture, sauf utilisation incorrecte ou rupture de la part du client-utilisateur-installateur.

Additional technical specifications:

- Voltage: 24VDC.
- Speed: 95 RPM.
- Torque : 1 Nm.
- Protection rating : IP41.
- Weight: 0,56 Kg.
- Built-in receiver.
- 2 intermediate programmable positions.
- Automatic limit switch.
- Thermal overload protection.
- Built-in automatic start/stop.
- Asynchronous motor, interference-free.
- Store and recall job programming if power failure.

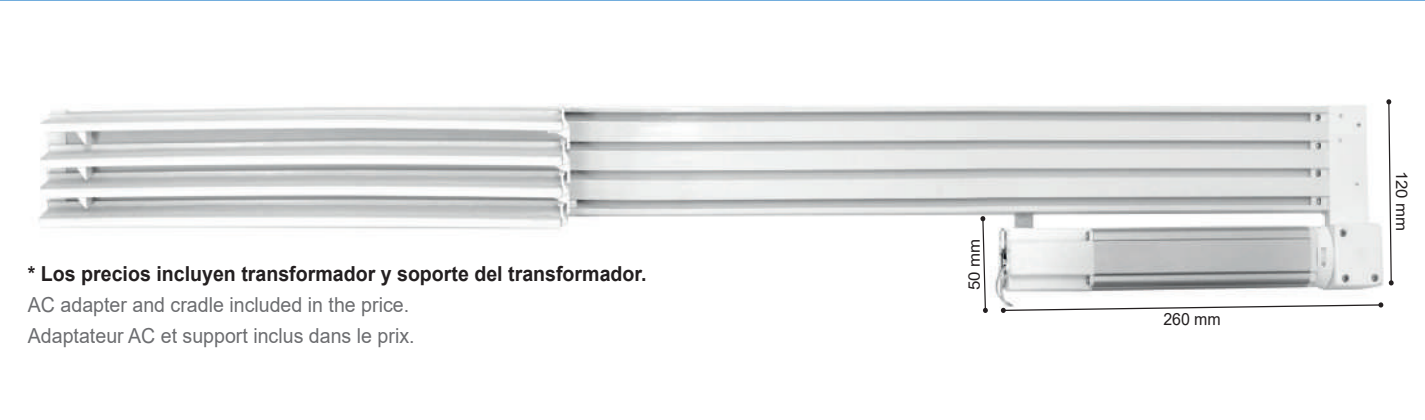

Autres caractéristiques techniques:

- Voltage: 24VDC .
- Vitesse: 95 RPM.
- Force de tension: 1 Nm.
- Classe de protection: IP41.
- Poids : 0,56 Kg.
- Récepteur intégré au moteur.
- 2 positions intermédiaires programmables.
- Fin de course électronique.
- Dispositif thermique de protection contre surcharges électriques.
- Arrêt automatique du système a la fin de course.
- Moteur asynchrone, sans interférence.
- Mémoire de programmation en cas d'absence d'électricité.

Información General / General Information / Informations Générales

Cinta adaptable para obtener el resultado Onda Confort tanto en Rieles como en Barras.

Adaptable tape to get the Confort wave result in tracks and poles / Ruban adaptatif pour réussir l'Onde Confort dans rails et tringles.

Onda Perfecta vs Onda Confort.

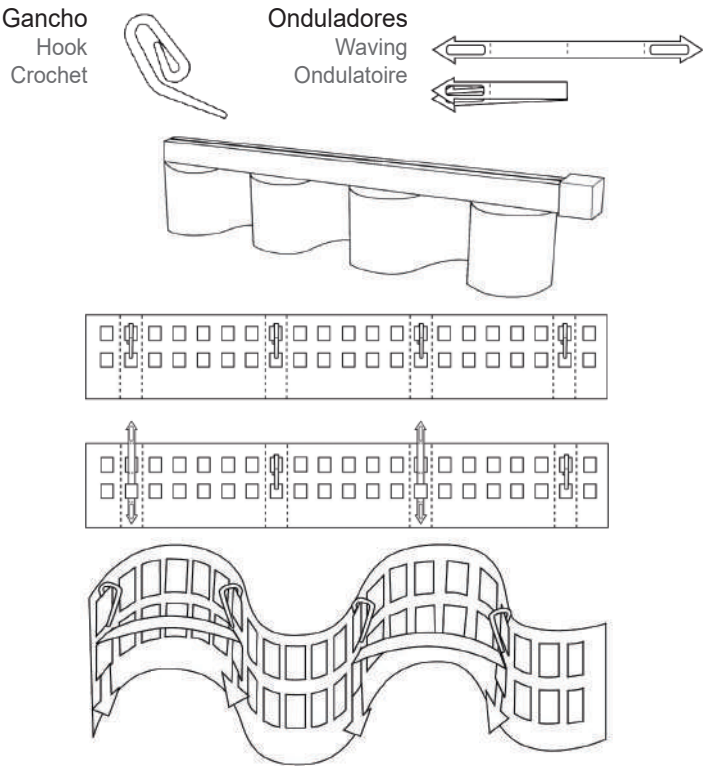

En la Onda Perfecta, la Onda siempre será igual porque la ondulación se hace gracias a las correderas, mientras que la Onda Confort depende del espacio entre onduladores. En la Onda Perfecta la Onda Frontal y Trasera son Idénticas. En la Onda Confort la Onda Trasera quedará Plana si la cortina está extendida. Usted decide el rapport, la cantidad de tela que quiere gastar y el tipo de onda usando los onduladores.

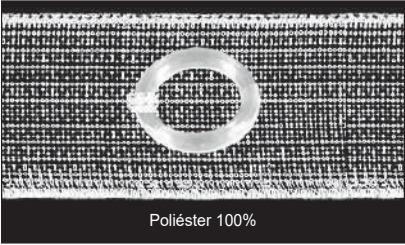

With the perfect wave tape, the waves have all the same size since the waving is a result of the runners space, whereas the size of Confort wave depends on the space marked by the arrows. In the perfect wave system, the front and the back waves are identical. In the confort wave system, the back wave will remain flat when the curtain is fully extended. You decide the rapport, the quantity of fabric that you need and the type of wave you want to get by using the wavings.

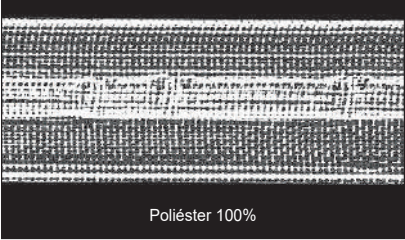

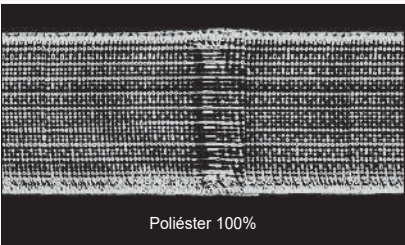

Dans le cas du ruban onde parfaite, les ondes ont toutes le même mesure prévue en raison des glisseurs, tandis que le ruban onde confort dépend de l'espace marqué par les fleches. Dans le système onde parfaite, les ondes sûr devant et derrière sont identiques. Dans le système d'onde Confort, l'onde sûr devant restera plate avec le rideau déplié. Vous decidez le rapport, la quantité de tissu et le type d'onde que vous voulez créer avec l'utilisation des ondulateurs.

Soportes Rápidos de “quita y pon”, para ventanas y/o puertas de aluminio que no requieren taladrar ni el uso de tornillos de fijación.

Hay dos modelos para sujeción por su parte Superior o Frontal.

Además se sirve en dos acabados: blanco y gris.

“Quick” brackets for instant installation on pvc or alluminium windows or doors. No drilling nor fixing screws.

Two models available either for ceiling or face fixing.

Also two colours are offered: white and grey.

Supports express “pose et quitte” pour fenêtres ou portes en aluminium qui ne peuvent pas être perforées.

2 modèles différents sont proposés: fixation sur la partie supérieur ou de face.

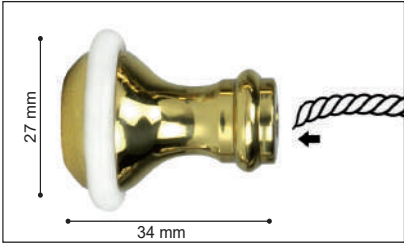

De plus, ils sont disponibles en blanc et gris.
