

ACTA.PLUS lockers

**SAFELY STOWED  
WELCOME TO THE OFFICE!**

# The world of work is changing. This presents us with new challenges - and opens up entirely new possibilities!

Classic team structures are breaking apart. People work in different places on joint projects. Alternative working time models are on the rise. And the office? Needs to keep up with these changes. We develop solutions that suit your work culture. Such as our adaptable storage system **ACTA.PLUS lockers**, in which you can choose just where to store your personal belongings in the open space. Because some things never change: cupboards are the neat and tidy way to store valuable items safely.

## COME ON IN, STOW YOUR THINGS AND FEEL GOOD

First impressions count. Offices with a homely design make for a relaxed Welcome. To ensure that the working day is equally relaxed, changing teams with flexible workstations need smart storage space for personal bits and pieces, an area for communication – and a workstation which suits their needs.

Products:  
ACTA.PLUS lockers (wooden fronts), ACTA.PLUS, NET.WORK.PLACE Organic modules,  
INSIDE.50 counter, MOVE.MIX bar stools

# DIVERSITY MEANS ENCOURAGING INDIVIDUALITY

Standard solutions don't always lead to the desired outcome. As a full-service provider with experience of tailoring products to suit **individual customer needs**, we know this only too well.

But nothing holds us back from growing the overall design potential of our product range.

Products:  
ACTA.PLUS lockers, MEET.IN, NET.WORK.PLACE modules

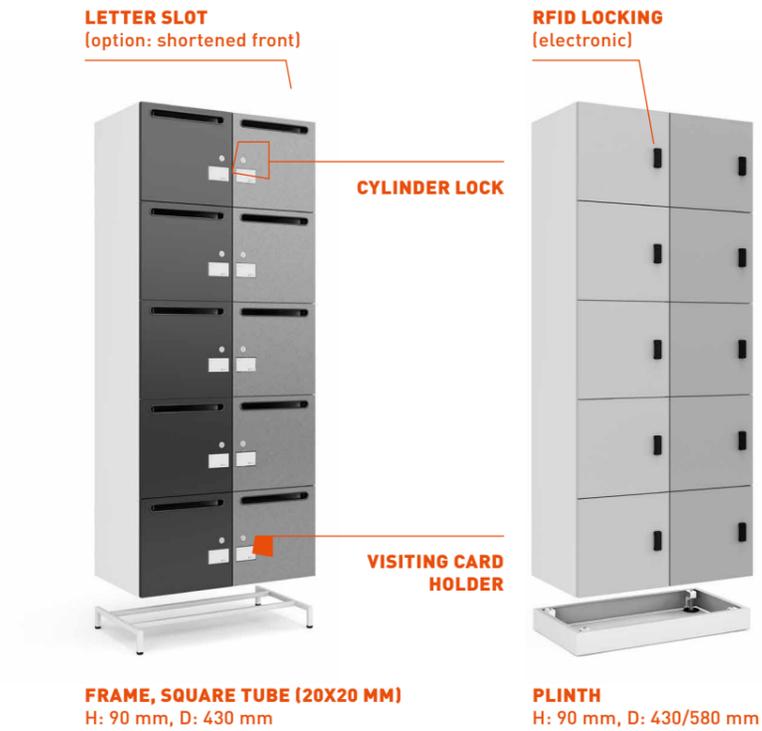

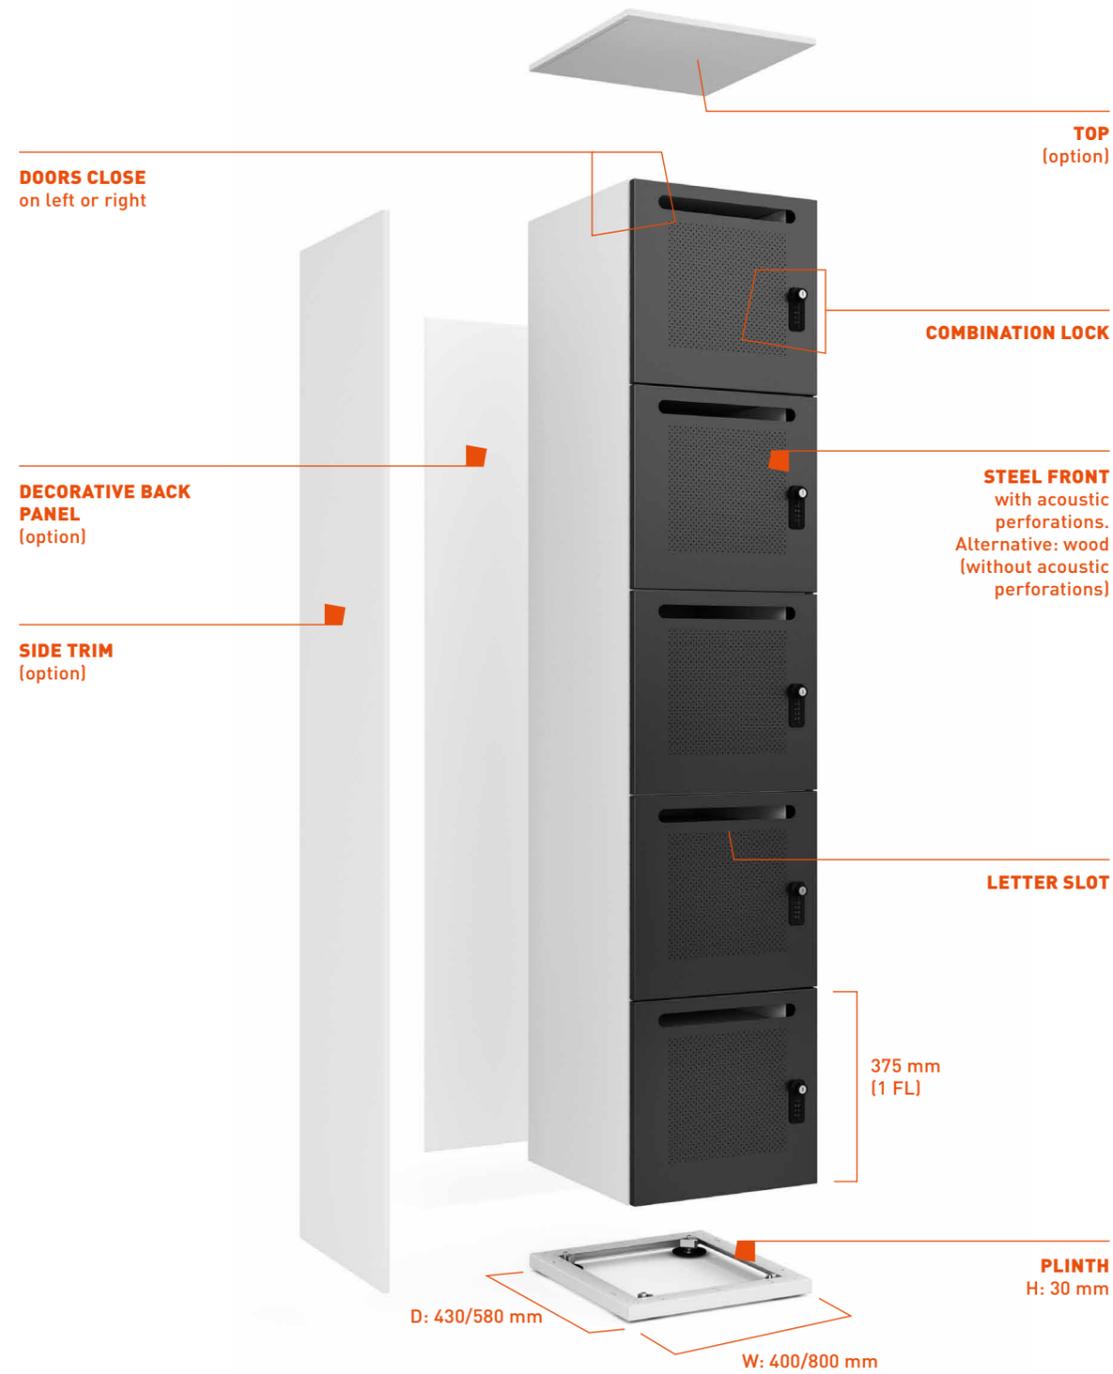

# FUNCTIONAL CUPBOARDS AN ANCHOR IN OPEN SPACE

We design futuristic worlds of work. With a holistic approach, we offer solutions for the new requirements in the office landscape. **ACTA.PLUS lockers** are available in a selection of designs with contemporary details such as RFID technology – and suitable for a whole range of practical applications.

Products:  
ACTA.PLUS lockers (steel fronts), HORIZONTE H50/H68, PLENUM.K, DO IT.4 Bench

# PUT YOUR TEAM TOGETHER!

ACTA.PLUS lockers are available in a wide range of great options. You can combine every component such as plinths, doors and module heights with one another; you also have a choice of locking mechanisms!
