Perpétue

# Perpétue

Working with the BIG GAME design studio, we've taken a deep dive into our brand's roots...

That includes our design roots, with a nod to our knives' historic silhouettes,

As well as our family roots, with this tribute to Perpétue Opinel (1813–1858), the grandmother of Joseph Opinel, creator of the pocket knife that bears his name and founder of the company. Working alongside her husband, Victor-Amédée, she forged nails in the Savoy region, in the heart of the French Alps.

We think she would have appreciated items with a simple, timeless aesthetic—sturdy, durable...

The collection consists of knives with comfortable, rounded handles and micro-serrated blades, as well as sleekly designed forks and spoons, suitable for use with any Opinel table knives. The Perpétue utensils are made from dishwasher-safe monobloc stainless steel. The knife is made from X20Cr13 steel, while the fork and spoons are made from X5CrNi18-10 steel.
