made in France

# effilé

Thirty years after its creation, the «effilé» knife has been reimagined...

A thin blade and a slim handle define the silhouette of the “effilé” pocket knife which comes in four blade sizes of 8, 10, 12 and 15 cm.

The effilé 8 and the effilé 10 have been redesigned by Franck Fontana to become elegant and urbane pocket knives thanks to a new refined line. The effilé10 will thus be the everyday carry steak knife to unfold in the restaurant for a delicate and always perfect cut. The effilé 8, the chic and compact little knife to slip into your bag.

The blades of the effilé 12 and effilé 15 are thin, very flexible and pointed, they provide an exceptional cutting edge, especially for preparing fish and slicing finely. The blade folded in the handle protects it, secures it, and facilitates storage.

## Beech

Beech from French forests (Jura, Isère). Stainless steel blade.

<b>N°8</b>	 8 cm	gencod 312384 002558 7	 6
<b>N°10</b>	 10 cm	gencod 312384 002559 4	 6

Since 1890 Opinel has been manufacturing quality knives and tools in Savoie. The Opinel pocket knife, simple, smart, durable, has become over time a world-famous design icon. Today, thanks to its ancestral know-how and numerous innovations, the brand has developed its collections, from the garden to the table. The family-owned company is located in the heart of the Alps, in Chambéry, and employs more than 150 people.
