

**Let the trees,
be the woods**
Safe — Share — Sustain

**VOL.17.1
2023/2024**

The sun should golden shine sprinkly,
Water sings, winds dance gently
On the path unwinding,
secured and loved,
We grow and share together.
Fly higher and higher,
in the circle of life.

3 meals, 1 day
Let the trees, be the woods.

**Let the trees,
be the woods**
Safe——Share——Sustain

[Let wood be trees, you are therefore I am]

Embrace both industrial resilience and nature beauty.

Diversified woodland can fix carbon and release oxygen,
regulate the climate,
provide biological habitat and provide food.
Simply embrace a tree, you can feel the acceptance without condition.
We human beings desire so badly to stay in the nature,
therefore the simple and warm wooden products are always first choice for HORECA industry.

Tree rings

Tree bark

Wood grain

In 2024,
we select tree species in imminent danger,
and imitate their soul to design a series new range with melamine and upcycled material.
We wish to protect valuable earth asset and provide tough support for hospitality frontline
work flow—where easy to be washed by machine,
impact resistant and no mold is essential.

[Let trees be woods, with nature be one]

The circular project learned from nature.

Do you know who is the oldest tree in the earth?
The answer is Old Tjikko in Sweden, she is 9550 years old!
We learned from her lean and humble body, the power of 1%.
Start tiny and slow, but never stop.

Efay dedicates to responsible production,
and join international organization 1% For The Planet since 2023.
We promise to donate 1% revenue for non-profit organization
every year to protect resources in the earth,
projects includes climate, soil, food, pollution,
water and wild animal projects.

Because we truly believe in:
Each partner, each day,
with close communication,
we can make goal ahead.
