Soft shell – hard core!

The outstanding stability and durability of KOCHBLUME® products – our spoons, turners, scrapers and ladles – are ensured by the insertion of stainless steel cores.

You can feel the difference.

Perfect handling combined with maximum flexibility is the result. Meticulous workmanship and carefully selected materials ensure excellent customer satisfaction.

QUALITY

WE DON'T JUST DO COLOUR!

Our vision is to bring colour and happiness into the kitchen, with practical, durable kitchen aids. It is thanks to the high-quality silicone that we use that our kitchen and baking tools have been a fixture in every modern household for many years now. Uniquely practical, iconic designs in a wide range of colours always put you in a good mood when you're cleaning, cooking or baking. With our constant quality monitoring and certified manufacturing plants, we manufacture products that keep on delighting our customers – today, tomorrow and for years to come.

Our products are thoughtfully designed to the highest quality standards, and we subject them to regular quality checks.

They are made from 100% food-safe silicone, are easy to clean and come in modern designs and fantastic colours. They are reliable and practical and absolutely essential in every household.

SPECIAL PROPERTIES*:

- 100% food-safe silicone (FDA/LFGB)
- Temperature-resistant at -40°C to +260°C
- BPA-free
- Easy to clean by hand or in the dishwasher
- Robust and long-lasting
- Resistant to alkalis and acids

SUSTAINABILITY

Unlike traditional plastics, silicone is made from silicon, rather than petroleum, and this is obtained, for example, from sand, like oxygen, carbon and hydrogen. No fossil raw materials are needed to make it.

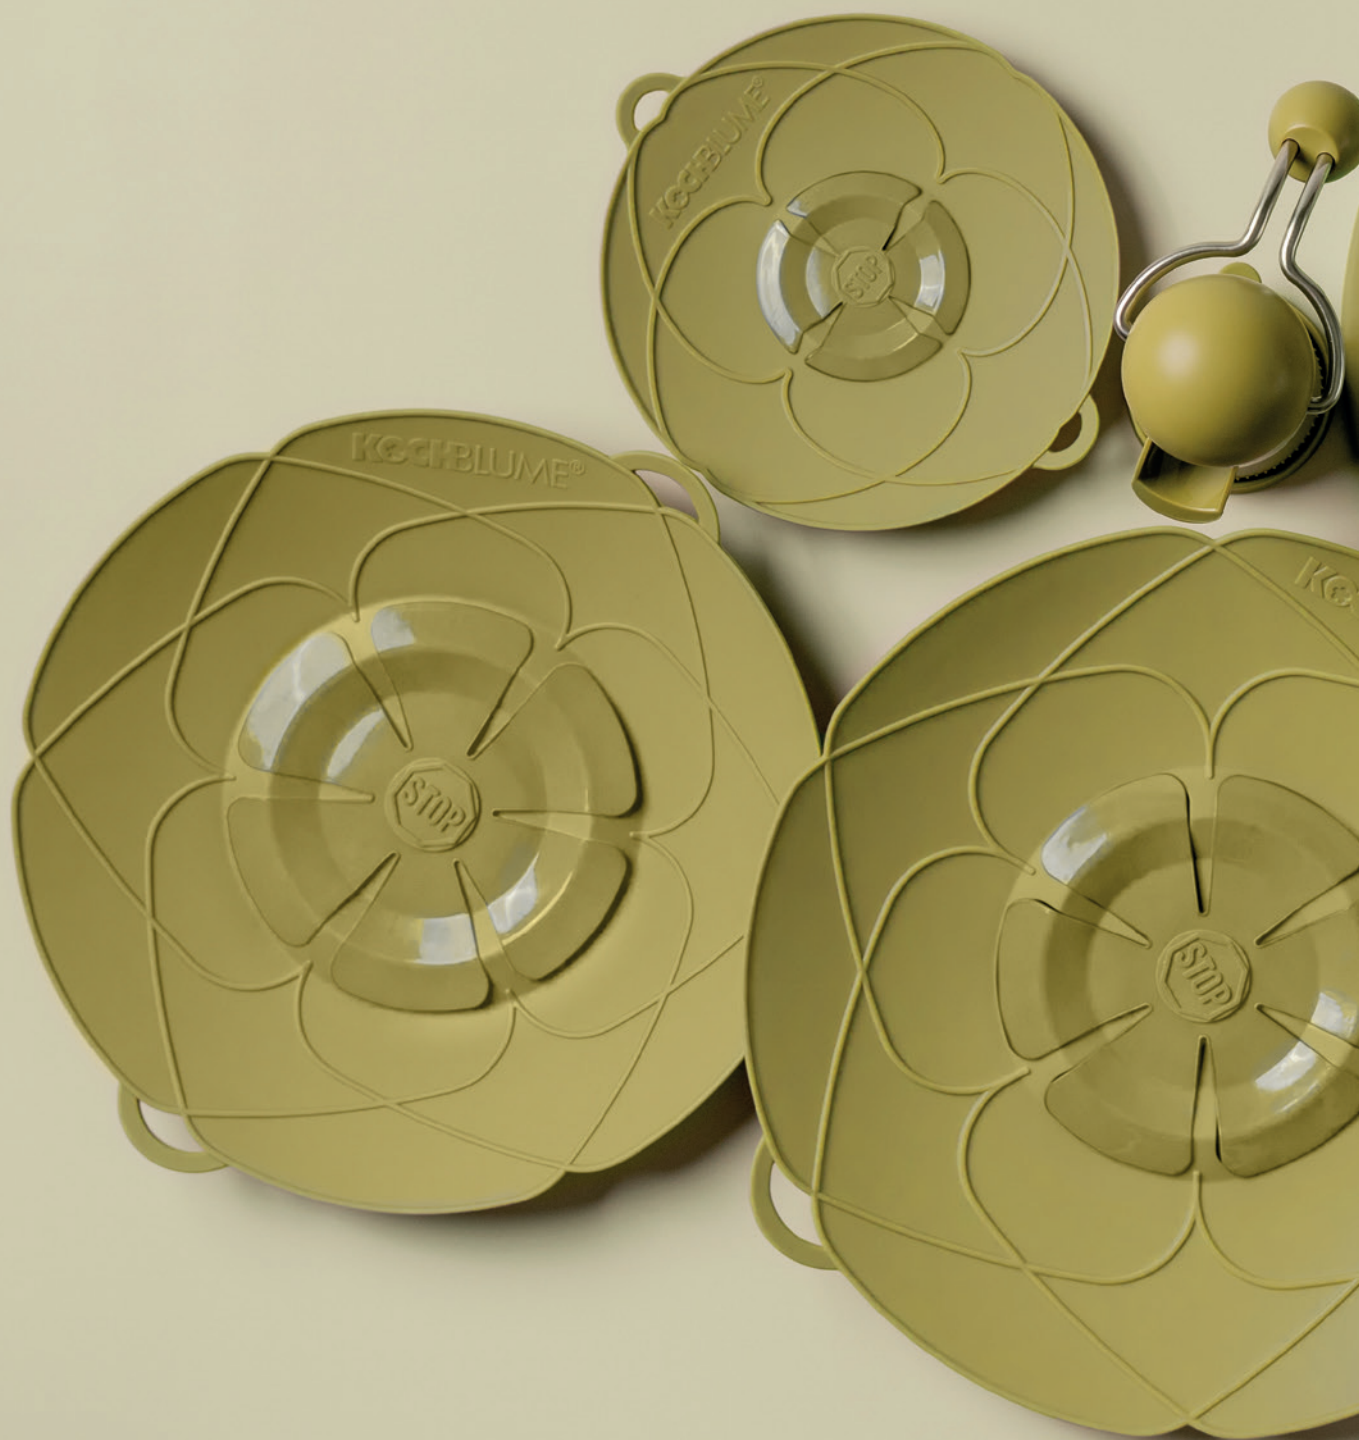

Pure silicone is non-toxic, as far as we know at the moment. Unlike most types of plastic, it does not require the use of plasticisers, can resist both very high and low temperatures, is resistant to tearing and UV radiation, and is water-repellent and durable. This is why high-quality silicone is also used in the medical sector, for example, for prosthetics, implants and even contact lenses.

Because of its excellent durability, silicone is the perfect material whenever durability and sustainability are required.

Silicone is completely recyclable, as combustion causes it to break down completely into sand (silicon dioxide).

* To make sure that your Kochblume equipment lasts as long as possible, please follow the care instructions on the pack.

KOCHBLUME PAN COVERS SPICE MILLS

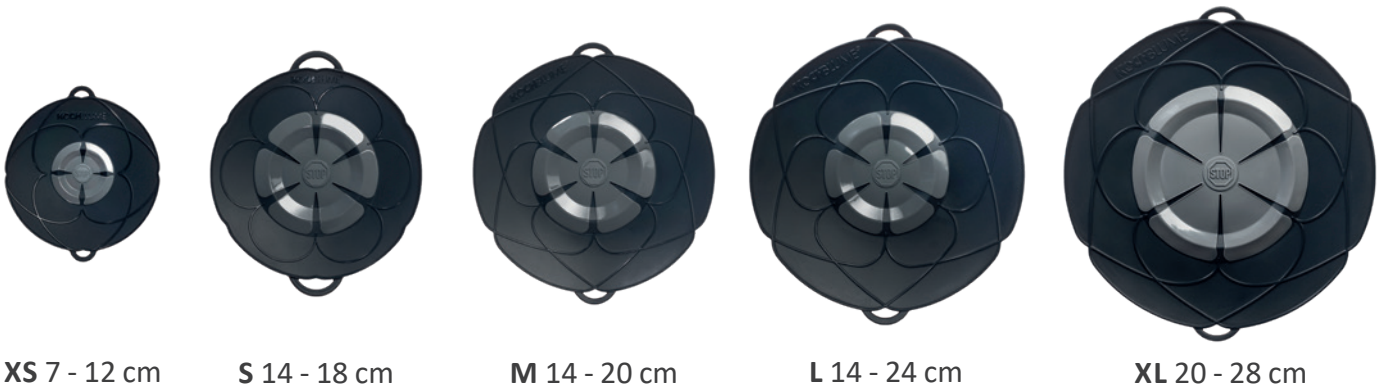

PRODUCT COLOURS

KOCHBLUME

RELAXED COOKING WITH THE KOCHBLUME!

The Kochblume pan cover can work wonders when it comes to multitasking! When you're cooking, you often have to move fast, and time management is all-important. Luckily, there's one thing you don't need to worry about any more: your pan. The Kochblume cover is placed on the pan instead of the pan lid, thus stopping liquids from boiling over. So instead of watching the water bubbling, you can start concentrating on what's coming next! As soon as your water is boiling, the cycle starts: Water foams up, pushes through the flexible flower, condenses and flows back into the pan.

SPLASH GUARD, STEAM COOKER AND OVERBOILING PREVENTION IN ONE.

YOUR ALL-ROUND KITCHEN ASSISTANT!

The Kochblume pan cover not only stops water boiling over. If you close the inner flower, you can gently steam foods in an instant. With the Kochblume, there are no limits to what you can do in the kitchen – it can even be used in the oven or a microwave.

An overview of all the Kochblume covers, colours and sizes is provided on pages 80 and 81.

PRODUCT COLOURS

PAN COVERS

A CHANCE TO LET OFF STEAM!

Our multi-talented pan cover: Boil, stew, fry, steam – and save energy and time at the same time, because the heat stays in the pan. The automatic valve allows unwanted condensation to escape during frying, so whatever you're frying turns out juicy, tender and crisp.

Our universal pan cover ensures stress-free frying in pans of any make measuring 22-28 cm and prevents annoying oil and fat splashes in the kitchen. In addition, it can also be used as a normal pan lid – and the glass is heat-resistant, so it can even be used safely in the oven. After use, simply clean it in the dishwasher.

BRATDECKEL
KochBLUME®

An overview of all our pan covers is provided on page 81.

An overview of all our spice mills is provided on page 82.

PRODUCT COLOURS

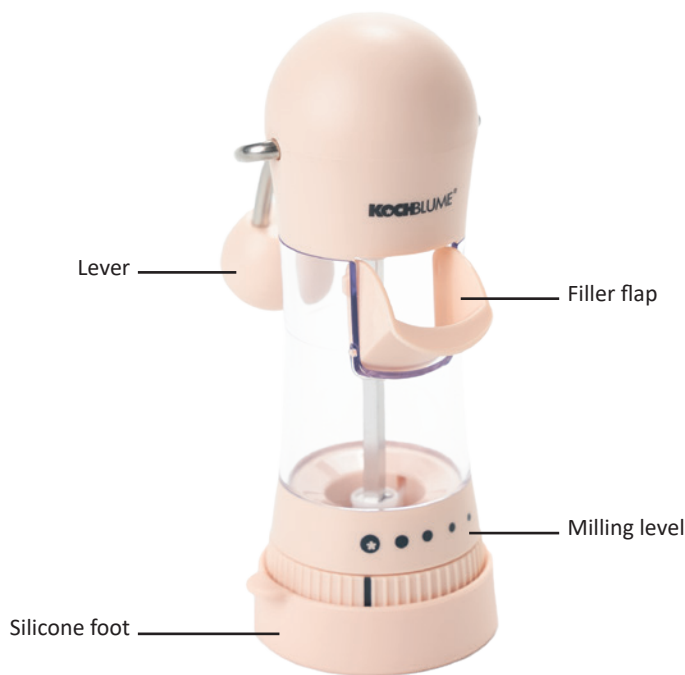

SPICE MILLS

TIME TO SPICE THINGS UP

A high-quality ceramic grinder mechanism with five milling levels combined with an ergonomic lever handle. Refine your food with the help of our handy spice mills. To mill your spices, simply lift the lever. For us, the twisting motion of traditional mills has seen its day. The powerful ceramic mechanism grinds dried herbs or spices just as you want – from fine to coarse.

A small filler flap on the side of the spice mill makes it easier to fill, so that even the tiniest pepper corns no longer roll across the work surface as you top up the mill.

A FIRM FOOTING

With its removable silicone foot, the mill stands firmly after use; it also closes the mill, retaining the aroma of your spices in the mill and trapping any leftover spices.

KITCHEN AIDS

PRODUCT COLOURS

SPOONS

THE RIGHT SPOON FOR ANY COOKING SITUATION

With the right spoon, ugly scratches are a thing of the past!

Our practical, flexible and heat-resistant silicone spoons mean that your kitchen will no longer be full of scratched pots and pans. Because of the firm stainless steel core inside the spoons, they stay in shape and are strong and durable, and the silicone coating protects your surfaces. Mixing, stirring, scraping out, skimming off, draining or folding in – they're all something our spoons take in their stride. These great all-rounders are a must-have for cookery fans and keen bakers!

Cooking spoon

Baking spoon

EVERY LAST DROP!

With our last drop spoons, you can reach into every last corner of your containers. With their flexible silicone corners, these spoons can nestle into any shape and are the ideal solution when you need to completely empty jars, tubs, bottles and any other containers.

SAUCE SPOONS S | L

With their flat design, our sauce spoons can pick up almost everything left from your pan or pot. Ideal for serving sauces and gravies. Available in two sizes.

PAN TURNER

Ideal for turning and serving fried potatoes or drop scones thanks to its large contact area.

SLOTTED SPOON

This spoon has become an integral part of everyday life in the kitchen. It comes in particularly handy for quickly draining and skimming off foods.

FLEXIBLE SPOONS S | L

The most versatile of spoons! With its flexible edges and flat design, it makes an ideal sauce or cooking spoon, and you can also use it as a spatula.

KCCIBLUN

An overview of all the spoons, colours and sizes is provided on pages 82-85.

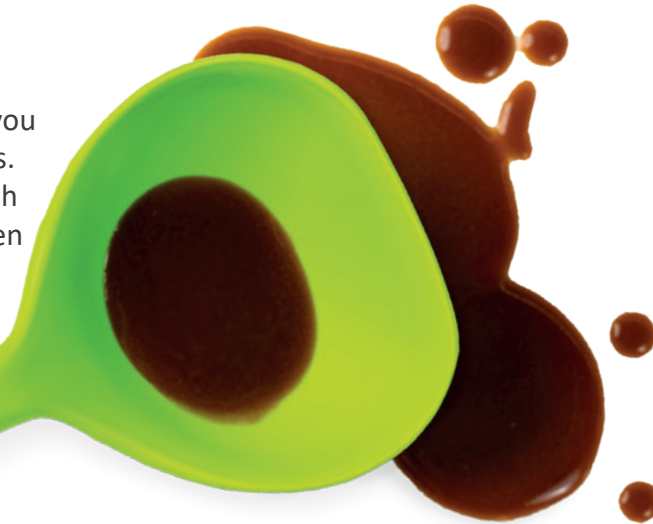

PRODUCT COLOURS

SCOOPS

SCOOPING OUT SUCCESS

The flexible design of this ladle means you can reach into every corner of your pots. Whether it's sauces, soups, stews, punch or mulled wine – with our ladle, not even the tiniest pea can escape you.

NICE TO KNOW:

You can leave all of our products lying in your pan without worrying that they'll go out of shape or that you'll burn your fingers on the handle. The silicone doesn't transmit heat and retains its shape and temperature no matter how hot it gets.

PASTA LA VISTA BABY!

With our pasta spoon, you're guaranteed to have the right size serving however hungry you are! The opening in the middle of the spoon is designed to measure out the right quantity of spaghetti for one person, and it's more reliable than measuring it by eye. The wide teeth enable the spoon to pick up the pasta securely, so that the very last strand gets onto the plate safely.

FAST AND EFFICIENT SKIMMING AND DRAINING.

The straining spoon is an essential in the kitchen. It comes in particularly handy for quickly draining and skimming off foods.

An overview of all our turners, colours and sizes is provided on pages 87-89.

PRODUCT COLOURS

TURNERS

NO TIME TO WASTE

With this essential kitchen tool, frying and turning have never been easier. Slotted turners, flexible turners or designer turners – we have the right turner for any dish – and they come in lots of great colours. All our turners are made with a solid stainless steel core covered with a flexible coating of food-safe silicone. It's the coating that makes all the difference! The high-quality silicone won't scratch your cooking utensils and also does not transmit heat.

SPATULA

For use with smaller fried or baked items. Ideal for turning crêpes.

FLEXIBLE TURNER

Suitable for anything that ends up in the pan.

DESIGNER SLOTTED TURNER

The three slots prevent large volumes of stock or fat being accidentally scooped out of the pan.

DESIGNER TURNER XL

With its broad turning surface, this is perfect for turning fish, pancakes or omelettes.

NICE TO KNOW:
Because of the silicone coating, our products are particularly kind to pans with a non-stick coating, so they'll make your pans, pots, casserole dishes and woks last longer.

SERVERS AND SALAD SERVERS

PRESENTATION IS THE KEY

“We eat with our eyes” – we take this saying very seriously. Our products are not just practical kitchen aids with great features that are always at hand in the kitchen to help you prepare all sorts of dishes. At the same time, with their bright colours and special shapes they brighten up the dining table and add highlights to your kitchen. From brunch through outdoor parties to lunch with the family, we follow the motto: presentation is the key.

SERVING FORKS & SPOONS

Retro-design serving forks and spoons are the perfect all-purpose combination. Whether you use them for preparing, serving or simply as an eye-catching accessory – you can use the spoon and fork set anywhere in the kitchen.

GET A GRIP!

Turning, picking up, serving – not a problem with our gourmet tongs. At a barbecue they're essential at the salad buffet too, and by the cooker, they always come in handy if you need to pick something up.

TWEEZERS

Tweezers are something you'll find in the kitchen, not just the laboratory! None of your experiments will ever go wrong if you keep our tweezers at hand.

An overview of all our servers, colours and sizes is provided on pages 86 and 90.

BAKING

PRODUCT COLOURS

SCRAPERS

KEEP IT CLEAN!

Our scrapers and spatulas are the perfect kitchen assistant, leaving your pots and bowls as clean as you found them – almost without washing! They're particularly good for scraping out, of course, but they show their true value when it comes to decorating and garnishing.

SNACK IDEAS

Conjure up a healthy chocolate snack for your kids or guests now and again. Not a problem with our scrapers.

NICE TO KNOW:

The notch in our all-purpose scrapers and dough cutters allows you to remove dough residues from the kneading hooks and stirrers of your mixer. Of course, you can still lick them off anyway.

PICK A CARD

Whether you prefer to bake cakes or pizzas – our dough cutter card is a great little helper when you need to handle dough and makes everyday kitchen life just that bit easier. Divide yeast dough, pizza dough or noodle dough into individual portions in a single action.

An overview of all our scrapers, colours and sizes is provided on pages 90-93.

BRUSHES

PAINTING WITH A DIFFERENCE

Whether it's for boiling or baking – our brushes are very versatile and won't leave bristles behind in your food. Greasing pots, pans, baking tins or waffle irons, marinating meat or coating biscuits – there's no limit on the ways you can use our brushes. Don't worry, the silicone is heat-resistant up to 260°C, so it can cope with a lot.

NICE TO KNOW:

Our brushes can safely be cleaned after use in the dishwasher. But because of their smooth silicone structure, you can also simply wash the brushes in hot water.

TIP:

Brightly coloured icing turns every bake into a visual highlight. But there's usually a bit of sugar icing left over. We have 2 tips for conjuring up fantastic creations with the left-over icing:

- ① Mix with whipped eggwhite and make meringues using a piping bag.
- ② Spread biscuit cutters on a baking tray and fill with the remaining icing; leave to dry in the heat left in the oven.

An overview of all our brushes, colours and sizes is provided on pages 93-94.

WHISKS

WHIP, WHIP, HURRAH!

Balloon whisk, frother, wire whip or eggbeater? There are lots of names for these great kitchen aids. Desserts, broth, dips, pancake mixes or mousse can all be prepared in a trice with this flexible whisk that never goes out of shape. Now you can whisk a little lightness into your kitchen!

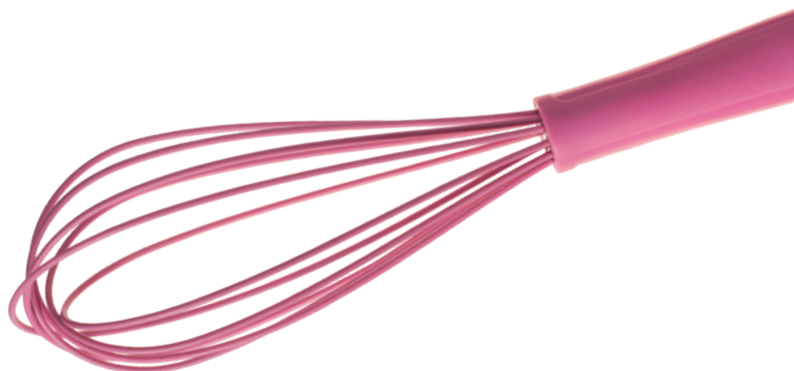

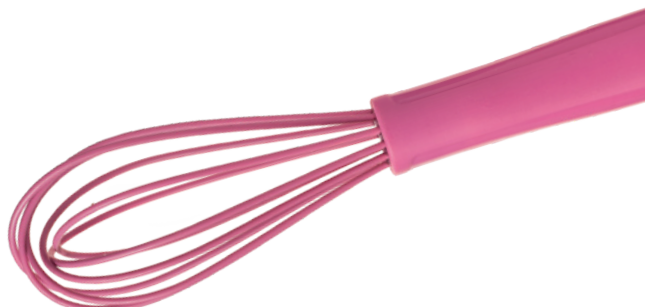

BALL WHISK

The ball whisk is ideal for whipping up sauces, cream and dressings.

FLAT WHISK

Sauces and scrambled eggs are best prepared with our ultra-flat whisk.

WHISKS

Our classic balloon whisk comes in three sizes and nine colours.

NICE TO KNOW:

True professionals use icing sugar, not granulated, for their whipped cream! It's easier to distribute and doesn't leave any sugar crystals in the mix. Icing sugar makes the cream richer and creamier.

An overview of all our whisks, colours and sizes is provided on pages 94 and 95.

SAVE & PROTECT

HAND PROTECTION & MATS

WHEN THINGS START HEATING UP

Burns happen, however careful you are. But what counts here is the material. Silicone is not only non-slip, it's also impermeable to heat, especially from hot liquids. We provide the right protection from burns for every cooking situation.

THERMO FINGER PROTECTORS

Our Thermo finger protectors are a fast, flexible solution for any situation. They are particularly suitable for use with hot baking trays or casserole dishes. Quick and uncomplicated to use, they always come in handy.

GRIP PROTECTORS, SET OF 2

Our grip protectors are suitable for all non-insulated pot handles. Simply pull the grip protection over the pot handle to protect against burns. The ingenious design ensures a secure grip and is also non-slip.

SILICONE GLOVE

Tugging on the annoying mittens made by other manufacturers is a thing of the past. Kochblume's silicone gloves provide a better grip, and the practical, flexible design allows more freedom of movement. And the gloves protect the lower arm as well as your hands. After use, you can hang them by the hole openings on our flower hook, and to clean them, simply place them in the dishwasher with your crockery.

An overview of all heat protection, mats and rests, with colours and sizes is provided on pages 96-99.

MATS & RESTS

MAT OR POT HOLDER?

We thought – why not have both in one? So you not only protect your hands from high temperatures, you also safeguard the surfaces in your home. The honeycomb structure stops pots from slipping and is heat-resistant to 260°C.

MULTI-PURPOSE REST

The multi-purpose rest is the ideal rest for all your kitchen tools. Alternatively, you can use it as a mat for pots, pans or casserole dishes.

CUT & PEEL

CHOPPING BOARD

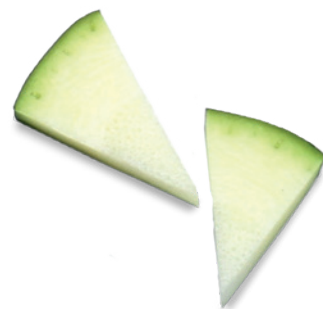

① CHOP-CHOP

Chop fruit and vegetables just as you want them.

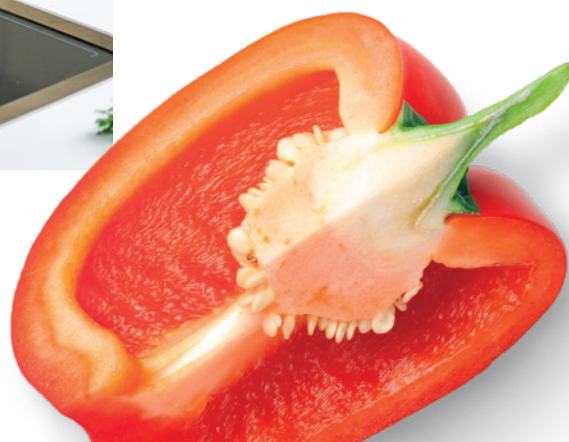

② FOLD

Fold the chopping board together at the handle end...

③ HEY PRESTO

... tip the chopped fruit or vegetables in one go into the pot, frying pan or other container.

An overview of all cutting and peel tools, colours and sizes, is provided on pages 99-100.

ALL-PURPOSE & PEELERS

PEEL VEGETABLES ETC. SIMPLY AND SMOOTHLY

Very sharp stainless steel blades can remove the peel from fruit and vegetables in an instant. The rough-textured handle will never slip out of your grip, even if your fingers are wet. You can choose between a smooth or serrated blade and between the classic P and Y shape.

SMOOTH BLADE

For easy peeling of firm fruit and vegetables such as apples, asparagus, cucumbers and carrots.

NICE TO KNOW:

The stainless steel blades cut in both directions, making them suitable for both left-handed and right-handed people.

PIRANHA BLADE

For easy peeling of smooth and rough skins, such as tomatoes and peaches.

ALL-PURPOSE SCISSORS

These all-purpose scissors can be used throughout the garden and home, for weeds, small twigs, plants and vegetables, plus paper, cardboard, fine wires and more. The child-proof locking mechanism means that they can be stored safely.

FRESHNESS

PRODUCT COLOURS

STRETCH-II

SAFETY FIRST

Our Stretch-iis provide a seal that is odour-free, hygienic and completely leak-tight. Fruit, vegetables or sausage that's been cut, or open containers, bowls, jars or tubs – we have the right cover for everything. They come in six different sizes – one of them will always fit. After use, simply clean them by hand or in the dishwasher.

STRETCH-II 4

PRODUCT COLOURS

FRISCHFIXX

FRISCHFIXX AND READY TO GO!

Aluminium foil is so passé. Now, the in thing is FrischFIXX, and you're ready to go. It's the ideal lid for covering your food so it stays clean, airtight and odour-proof. Place the FrischFixx onto a container with a smooth edge, press on gently, and there you go. The pressure that's created sucks the lid onto your container all on its own. It's good for the environment, because you can use it lots of times. There are six different sizes in new bright colours. Not sensitive to heat or cold (up to 260°C and down to -40°C).

NICE TO KNOW:
The ideal way of keeping out annoying insects in summer – the FrischFixx protects drinks safely from unwanted guests!

CLEANING

BRUSHES

SCRATCH-FREE THROUGHOUT THE KITCHEN

With Kochblume cleaning products, you're protecting the environment as well as sensitive surfaces. Our wide range of brushes and sponges are incredibly versatile, making cleaning simpler and more hygienic than ever before. We offer the right product for any application. They can easily be cleaned in the dishwasher, allowing daily hygienic use throughout the home.

SLIM BOTTLE BRUSH

If the normal type of bottle brush is still too wide – the Slim variant will definitely fit through every bottle opening from 16 mm up. It's a real professional in handling drinking or babies' bottles.

BOTTLE BRUSH

The silicone head on this bottle brush has a flexible tip and can be removed completely. Because the shape is so flexible, it can also be used in any shape of container – vases, drinking bottles, carafes or glasses. Goes through any opening wider than 23 mm.

UNIVERSAL BRUSH 2.0

Clean pots and pans straight after use to stop dirt and grease drying on or getting burnt on. The flexible silicone bristles protect surfaces, especially of coated pots and pans. The preshaped design allows you to clean easily along the pot edge too and the glass-fibre-reinforced nylon edge removes even the stubbornest incrustations. It is heat-resistant and removes every mark from cooking utensils even when they're still hot.

SILICONE WASHING BRUSH

with removable head made from food-safesilicone and flexible silicone bristles, handy size for everyday use.

NICE TO KNOW:

Did you know that you can swap the brush heads over? That way, you can decide flexibly which brush head and which handle length you need.

SPONGES & MICROFIBRE CLOTHS

SCRUBBY PLUS

Two different surfaces for heavy and light soiling. Plus: Use the nylon edge for stubborn marks.

SWISCH SHAPED

A washing sponge, lint brush and pot holder in one. Thousands of soft silicone bumps ensure unique cleanliness in the kitchen, bathroom, WC and throughout the home.

SPONGE HOLDER

With the sponge holder, you can leave your sponge to dry naturally. The holes ensure good ventilation and stop water accumulating. Alternatively, you can use it to hold shampoo or soap. Just attach it where it can be useful.

NICE TO KNOW:

Our sponges are great if you think sustainability is important when you're cleaning. They are good for the environment, because you can use them much more often than traditional sponges.

SCRUBBY

The Scrubby cleans simply everything: crockery, fruit, vegetables, your body, even your car. It gently cleans all surfaces without scratching. The two sides declare war on heavy and light soiling.

An overview of all our cleaning products, colours and sizes is provided on pages 105-109.

DRYING UP CLOTH 60 X 40

Our drying up cloth has high-pile, extra absorbent, soft fibres. They guarantee streak-free, clean results on any surface. After use, the cloth quickly dries in the air because of the microfibres and is soon ready to be used again.

POLISHING CLOTH 50 X 60

Cleans particularly gently, without streaks or fluff marks. Ideal for sensitive glass surfaces, windows, glasses and decanters.

MICROFIBRE CLOTH 18 X 18 CM | 30 X 30 CM

Professional high-pile quality on both sides, with extra-absorbent, soft fibres. Perfect for drying, dusting and cleaning sensitive surfaces.

DOSING DISPENSER

Avoid packaging waste and take advantage of cheaper refill packs! The dispenser is opened by pressure and closes again as soon as the pressure is released – ideal for body lotion or washing up liquid.

USEFUL ITEMS

UTENSIL HOLDERS

THE ALL-ROUNDER THAT TIDIES UP THE KITCHEN

Our utensil holder allows you to store your kitchen aids so you can see where they are – because this is the only way to keep all your important tools close at hand. Alternatively, you can also use the container to hold drinks and keep your wine or fizz cool at your next party.

Simply remove the dividers and fill with ice.

NICE TO KNOW:
If you remove the silicone base, you can also use it as a spoon rest.

PRODUCT COLOURS

FOLDING SIEVES

SMALL BUT BEAUTIFUL

Maybe you have a tiny kitchen and can't cope with bulky kitchen tools? Our folding sieve in size S is just 2.8 cm high and will fit into the smallest kitchen drawer.

INNER STRENGTH

Because of the stainless steel core in the edge and handles, our folding sieve is stable enough to hang in a pot and drain your foods.

FLAT AS A PANCAKE

The folding sieve is available in three different sizes and is no higher than 4 cm when folded, even in the largest size. A real space-saver!

An overview of all our folding sieves, colours and sizes is provided on pages 109-113.

ICE CUBES & DRINKING STRAWS

ICE COLD FROM THE ICE COMPARTMENT

Our flexible silicone moulds make taking the frozen cubes out really easy. Thanks to the lids, the stable shapes can't overflow and can even be stacked in the freezer. Available in three different variants.

DRINKING STRAWS

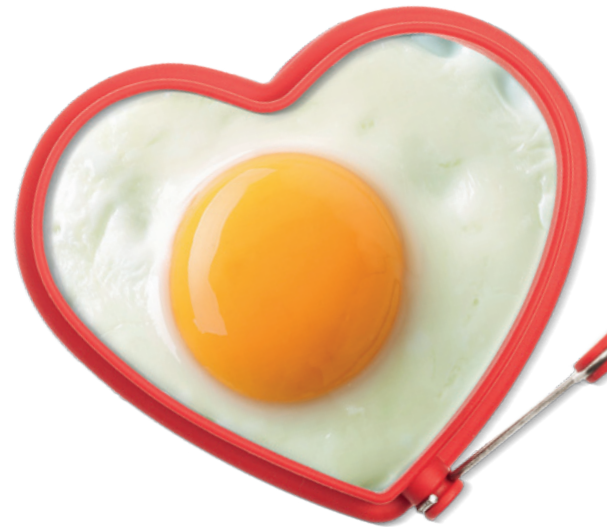

made from silicone are reusable and help protect the environment. They come in a set of 6 with a matching cleaning brush and are available in two different sizes.

NICE TO KNOW:
Pep up your ice cubes with lemon slices, mint leaves, raspberries or edible blossoms. You'll have some wonderfully eye-catching cocktails at your next party!

MORE COLORFUL HELPERS

EGG MOULDS

With our egg moulds, you can send little messages with Sunday breakfast – there's no need for long words. This tool turns the fried egg you're cooking for your sweetheart into a loving message in the pan and will bring a smile to even the grumpiest face. Everyone knows – the way to a person's heart is through the stomach.

MORE COLORFUL HELPERS

5-IN-1 CAN OPENER

With its wide range of functions, this can opener can open simply everything. It can remove bottle caps, open ordinary bottles, plastic bottles and cans or remove metal lids from jars.

BOTTLE CAP REMOVER

PLASTIC BOTTLE OPENER

LIFTING CAN RINGS

POTATO MASHER

With our potato masher, you can create mash that is fine or a little coarser – whichever you like. And you can even mash directly in a hot pot. Thanks to the integrated TPE lip, not a single piece of potato can escape.

MORE COLORFUL HELPERS

COLLAPSIBLE FUNNELS

Just like our folding sieve, these funnels are wonderfully space-saving and will fit in any drawer. The large opening means that they won't get blocked when filling preserving jars or bottles. There's no spillage in your kitchen!

ALL-PURPOSE TIES

For meat, fish or vegetables
– clip – tighten – ready.

The silicone all-purpose ties are just as easy to remove and can be reused time and again after washing. Simply pop them in the dishwasher.

FLOWER HOOK S | L

These colourful hooks will make your whole home blossom. The patented suction cup system means that they can take up to 3.5 kg – or up to a massive 8 kg for size L. The hooks can be easily fixed to any smooth surface just by pressing them in place and will fill every room with flower power.

COMPANY

COMPANY

Hockenheim isn't just the "German Grand Prix" – it's also the birthplace of the Kochblume® and the starting point for our visions to grow to maturity. Kochblume GmbH has specialised in the development and production of high-quality silicone cooking aids that are perfect for baking, cooking, keeping fresh, storage and cleaning. The million seller series started with the first silicone brush with a stainless steel handle. The Kochblume®, the first ever device to effectively prevent boiling over, has so far been sold over 4 million times throughout the world. The Swisch and Scrubby silicone sponges are just as successful, and our bottle brushes and the huge range of practical kitchen equipment have conquered kitchens across the globe.

CUSTOMER CENTRE | ADVICE | SALES

The company headquarters in Hockenheim coordinates all the processes within the company. From warehousing through product dispatch to customer support – everything's under control here.

SHOWROOM | SHOW AND TEST KITCHEN

The exhibition and presentation areas and a show and test kitchen designed by us are housed in a modern industrial complex. Extensive tests guarantee the perfect quality and use of the products here.
