

OUR PRIVATE LABEL SERVICE

● DURAND PRODUCTION

DURAND PRODUCTION : A TECHNICAL EXPERTISE AND AN INDUSTRIAL KNOW HOW UNIQUE FOR YOUR BRAND.

If for the time of a purchase, our factory became your factory ? We put at your service our laboratory, our production site and know-how to meet all your expectations. DURAND PRODUCTION is the European leader in formulation, production, and sales of automotive fluids in private label over the last 30 years. We also enjoy a distribution network in more than 40 countries around the world. When do we start together?

DURAND PRODUCTION, AN EXPERT IN PRODUCTION OF AUTOMOTIVE FLUIDS WORLDWIDE.

More than 30 years of industrial know-how have made of Durand production an European leader on the fluid market. Our production site in north of France allows us to personnalize and meet your needs.

In 2004, we joined the CIPELIA Group, one of the leaders on the European market of automotive fluids.

• OUR PRIVATE LABEL SERVICES

An industrial know-how

Durand production makes to their customers its production site available for a tailor made service. We meet all your needs with a production capacity of 700 000 liters a day.

A laboratory of expertises

At Durand Production, we have the full ability to produce all automotive fluids complying with regulations, norms & OEM standards. Not only our engineers & chemists analyze fluids but they keep developing formulas in line with the highest technical performances of the industry. We also guarantee our lubes reliability with certifications & even approvals.

A tailored commercial service

At Durand Production, we offer our clients a turnkey solution & we guide them every step of the way until delivery (administrative procedure, standards, label design, etc.). Always keeping in mind our client's needs, our team shows agility, adaptability and reactivity. We strive to establish a personalized relationship in the long run.

A tailored logistical service

At Durand Production, a full-fledged logistic platform is designed to ship your products everywhere around the world. We're even able to customize logistics according to your warehouses, transportation mode, and arrange container stuffing. We also enjoy 2 warehouses dedicated to picking, 9 loading docks, and storage facilities of more than 10000 pallets.
