ACA DECOR

ACA Decor offers customers solutions of high quality and high level design products. Founded in 2015 it now includes over 3000 products, many of them are signature designs of ACA Decor Studio Designs as they have been exclusively developed by ACA crew designers. Because light means more than just a luminaire. It means Decoration, Atmosphere, Art and Science. Luxury is not necessarily expensive.

ACA ELEC

ACA Elec was founded in 2017, and since then offers a wide range of low voltage electrical installation products, whatever the requirements may be, for both residential and professional lighting. The products of ACA Elec series are made of high-quality materials, with impeccable design. They are highly durable, made with a robust construction and always according to the European standards and specifications.

ACA HOME

We are pleased to introduce you the first series of ACA HOME fans! We have collected contemporary and classic high performance designs that meet your needs. In our catalogue you can find fans at extremely affordable prices as well as best seller designs. We assure you that through the different styles, sizes and colors, you will choose the ideal fan for your home and your business space as well. By combining the latest energy efficient technology with different control options, you can be sure that the new fan you choose will match your lifestyle and your everyday life.

ACA CHRISTMAS

ACA Christmas Lighting is offering a large variety for professional and home festive decoration since 2018. We provide high-quality and excellent designs, as well as all types of LED fairy lights, LED and non-LED rope lights, LED projectors and various decorative LED products. We offer a large variety for both professional & home festive decorations. With a presence in the lighting industry for over 50 years, always driven by quality and high aesthetic, we are happy to present you with our Christmas lighting products in the best value for money prices.

DIOLAMP

Diolamp is our brand of lamps that we have produced since 2014. Through Diolamp we offer a wide variety of high quality, advanced and efficient products. LED bulbs illuminate the future of lighting, offering long-lasting lighting solutions to every residential and professional space.

ACA Lighting - Apostolidis is a renowned leader in professional - architectural lighting, as well as in electrical equipment. ACA Lighting is a key player in all of Greece, the wider Balkan region as well as in Eastern Europe. Our company also manufactures lighting fixtures, excels in interior lighting and in energy solutions. ACA Lighting has a long tradition, experience and expertise in the lighting industry.

STREET & URBAN LIGHTING

ACA | story

The company was originally founded in 1965 by Christos Apostolidis and later evolved in 2001 to ACA Lighting, the company it is today. ACA Lighting has been manufacturing fine lighting products since 2001. Our corporate offices, factory and over all facilities of 8.880 sqm are located in Serres. The company has expanded its facilities with warehouses in Piraeus, Bulgaria and in the Czech Republic. Much of our extensive product range is made in Serres, Greece.

ACA | mission & vision

Ever since the company was first established our core fundamentals have been Ethics, Innovation, Reliability and Responsibility. We have built our culture on these core values and commit to being held accountable to them by our business partners and customers. Our vision is to provide complete solutions for electrical / lighting / decorative requirements from simple lamps to complete automated sophisticated space illumination projects. Our goal is to be a LED lighting manufacturer and wholesale supplier, providing professional eco-friendly lighting solutions, enabling customers to reduce costs, conserve energy all while protecting the environment.

Compliance with the legislative requirements and the protection of the environment are part of our Business Strategy. "ACA" is actively involved in Fotokiklosi SA contributing to national recycling and helping to reduce environmental destruction. The company has developed and implemented:

- Quality Management System according to Standard ISO 9001: 2015
- Occupational Health and Safety Management System according to Standard ISO 45001: 2018
- Environmental Management System according to Standard EN ISO 14001: 2015
